

U.S. ASKS RECALL OF AUSTRIAN AMBASSADOR

DUMBA NO LONGER WANTED AS ENVOY TO UNITED STATES

NEWS OF ACTION CAUSES SENSATION IN CAPITAL

Request Is Answer to Dr. Dumba's Explanation of His Intercepted Letter to Vienna Outlining Plans for Handicapping Plants in This Country Making War Supplies for the Allies.

WASHINGTON, Sept. 9.—Ambassador Penfield at Vienna has been instructed to inform the Austro-Hungarian government that Dr. Constantin Dumba no longer is acceptable as an envoy to the United States and to ask for his recall.

Secretary Lansing formally announced the action tonight. It was the answer of the American government to Dr. Dumba's explanation of his intercepted letter to Vienna outlining plans for handicapping plants in this country making war supplies for the allies.

Text of Note to Austria.
Ambassador Penfield was instructed by cable yesterday to deliver the following note to the foreign office:

"Mr. Constantin Dumba, the Austro-Hungarian ambassador at Washington, has admitted that he proposed to his government plans to instigate strikes in American manufacturing plants engaged in the production of munitions of war. The information reached this government through a copy of a letter of the ambassador to his government.

The bearer was an American citizen named Archibald who was traveling under an American passport. The ambassador has admitted that he employed Archibald to bear official dispatches from him to his government.

"By reason of the admitted purpose and intent of Mr. Dumba to conspire to cripple legitimate industries of the people of the United States and to interrupt their legitimate trade and by reason of the flagrant violation of diplomatic propriety in employing an American citizen protected by an American passport as a secret bearer of official dispatches through the lines of the enemy of Austria-Hungary, the president directs that Mr. Dumba be no longer acceptable to the government of the United States as the ambassador of its imperial majesty at Washington.

"Believing that the imperial and royal government will realize that the government of the United States has no alternative but to request the recall of Mr. Dumba on account of his improper conduct, the government of the United States expresses its deep regret that this course has become necessary and assures the imperial and royal government that it sincerely desires to continue the cordial and friendly relations which exist between the United States and Austria-Hungary."

Allow Time to Reach Vienna.
In making his announcement, Secretary Lansing explained that it had been delayed in order that the note might reach Vienna before its publication in this country. Ambassador Penfield had not been heard from tonight, but it was assumed that he received the communication some time during the day.

News that Dr. Dumba's recall had been requested created a sensation in the capital. It had been known in official and diplomatic circles that President Wilson and Secretary Lansing regarded the conduct of the ambassador as a grave breach of propriety but there had been a well defined impression that the only immediate step would be the cancellation announced today of the passport of Archibald, the American who carried the intercepted despatches.

Ambassador Drew Up Plans.
Dr. Dumba left yesterday for the summer embassy at Lenox, Mass., to await word as to whether the administration was satisfied with the explanation he made to Mr. Lansing Tuesday. He had come to Washington on his own initiative after news of Archibald's detention and extracts of his dispatches to Vienna had been published in this country.

No statement was made either by the ambassador or Secretary Lansing concerning their conference, though it was learned later that Dr. Dumba frankly admitted having employed Archibald as a messenger and his plans for withdrawing Austro-Hungarian labor and handicapping American plants making war munitions for the allies. It was stated at the embassy that the ambassador

had been instructed by the foreign office to give the widest publicity possible to a decree against the aiding by Austro-Hungarians in the manufacture of munitions for enemies of their country and that this was the only step contemplated in orders so far received. The plans proposed for embarrassing plants and calling out laborers in bodies originated with the ambassador who was said to be taking no action toward putting his ideas into effect pending further instructions from Vienna. The choice of Archibald as a despatch bearer both for the German and Austro-Hungarian governments, it was declared without orders or sanction from abroad.

While everywhere it was admitted tonight that the situation created by the American note might prove a serious one in its effect upon the relations between the two governments, it was pointed out that the language of the communication indicated clearly a desire to have Dr. Dumba recalled without making a diplomatic issue of his case.

Make No Mention of Order.
No mention was made of the order given the ambassador to proclaim his government's decree to Austro-Hungarians working in this country.

An ambassador is the personal representative of the head of his government and a request for his recall does not necessarily mean more than that he is personally objectionable. If the Vienna government should take this view of the case and withdraw Dr. Dumba without entering the question as to the propriety of his conduct or its right to control the action of Austro-Hungarians in this country, it is said there would be an end to the situation for the present at least.

On the other hand persons versed in diplomacy say a decision at Vienna to uphold the ambassador would be followed by a severance of diplomatic relations between the two governments.

This would be a serious development, even if no declarations of war followed, not only on account of the position in which it would leave Austro-Hungarians here, but of its effect upon the part the United States is playing as diplomatic representative of Austro-Hungary and other belligerents of Europe.

Expect Immediate Recall.
Diplomats in close touch with the Austro-Hungarian embassy assert, however, that there is little room for doubt that Dr. Dumba will be immediately recalled upon receipt of Secretary Lansing's request. Baron Von Ziwiedonck, counselor probably would be made charge d'affaires until the end of the war. While ordinarily, it was explained, the failure to send a successor to an ambassador would indicate the displeasure of his government over the request for his recall, the difficulties which would attend the coming of a new ambassador made a distinct difference in this case.

It is understood that Ambassador Dumba will not be handed his passports but will be permitted to follow his own course and await word from Vienna. If he should desire to return home it would be necessary for the American government to secure safe conduct for him from the allies.

Was a Popular Diplomat.
Constantin Theodor Dumba presented his credentials immediately after the inauguration of President Wilson, succeeding Baron Hengelmüller, then dean of the diplomatic corps. It is significant that in an interview given out shortly after his arrival in America Dr. Dumba sounded the keynote of his whole activity in the country—improvement in the conditions among Austro-Hungarian laborers in America. He has been one of the most popular members of the diplomatic corps and although in his term of nearly three years in Washington there had until recently been no momentous matter that has brought him into official relations with the

United States.

The four identified bodies taken from the F-4 were those of George T. Ashcroft of Los Angeles, Ivan L. Mahan, Lima, Ohio; Charles H. Wells, Norfolk, Va., and Frank H. Herzog.

Four of the bodies which have been identified will be sent to relatives—Fragmentary Remains of Nine Others to be Buried in Arlington Cemetery.

Honolulu, T. H., Sept. 9.—The dead of the submarine F-4 in eight caskets draped with the American flag, were placed today aboard the United States steamship Supply, to be sent home. Shortly afterward the steamer weighed anchor and sailed for San Francisco.

Four of the bodies which had been identified, occupied separate coffins and will be sent to relatives. The fragmentary remains of only nine others of the remainder of the crew of 22 were recovered from the debris-filled wreck of the submarine and these occupied the other four coffins, which will be sent to the National Cemetery at Arlington, Va.

Governor L. B. Pinkham, Mayor J. C. Lane and Military and naval officers had places in the procession and attended the services held at the naval station.

The four identified bodies taken from the F-4 were those of George T. Ashcroft of Los Angeles, Ivan L. Mahan, Lima, Ohio; Charles H. Wells, Norfolk, Va., and Frank H. Herzog.

CARRANZA TROOPS ARE TRENCHED AT CROSSING

STATE THAT THEY WILL NOT FIRE ON AMERICAN TROOPS

Announce That They Would Reserve the Right to Fire Upon Any Rangers, Deputies or Civilians Who Appear on American Bank of River.

BROWNSVILLE, Texas, Sept. 9.—Carranza troops are entrenched at the crossing of the Rio Grande about thirty miles above Brownsville. They shouted across river today to American soldiers at that point that they would not fire upon American troops.

They also announced that they would reserve the right to fire upon any rangers, deputies or civilians who appeared upon the American bank of the river.

Valley Bristles With Troops.
The lower Rio Grande valley bristles with troops tonight, disposed along two lines in a manner intended to afford protection against incursions from the Mexican side.

From the river's mouth for a distance of a hundred miles up stream there was a line of cavalry patrols riding river banks and roads. Behind the cavalry, a few miles inland was a line of infantry posts held in reserve, forming a great letter "V" each side of the letter about 100 miles long, one side lying parallel with the river and the other side running north into the plains country above Brownsville.

Carranza authorities in Matamoros today announced that Procopio Elizondo, second in command to General Nafarrate, would go immediately to Mexico City to have treated a wound he received last March. Elizondo was arrested in Brownsville last spring charged with murder but later was released. He will be succeeded as second in command by Colonel P. A. Chapa, a graduate of an American university.

Villa Forces Evacuate Torreon.
Washington, Sept. 9.—Advices to the state department tonight from Laredo contained a report that the Villa forces had evacuated Torreon. That city is the present objective point of the Carranza army moving northward under Oregon and its evacuation probably would lead Carranza forces north to Chihuahua before any decisive engagement.

It has been suggested here that Villa might purposely abandon Torreon in order to draw the opposing army as far away from its base as possible.

Tampico on the east coast now is the principal base of the Carranza forces, with an intermediary base at Saltillo, recently taken by General Obregon.

Look For Carranza Reply.
While interest centers just now in the military situation in Mexico, the political phase is being given attention. Secretary Lansing announced today that General Carranza's reply to the Pan-American appeal for a peace conference probably would be received tomorrow or Saturday.

Although there were no advices regarding the nature of the reply, Carranza's adherents here gave assurances that it would be a courteous refusal to enter a conference such as the secretary of state and Latin-American diplomats have proposed. It also was stated that Carranza would compare his position to that of the Northern American army toward the close of the Civil war. Another meeting of the Pan-American conference will be called to consider the future of the course of action toward Mexico as soon as Carranza's response arrives. Bolivian minister Calderon one of the conferees, called on Secretary Lansing and discussed the situation informally.

DEAD OFF ILL-FATED SUBMARINE F-4 ARE ON WAY TO THE U. S.

Four of the Bodies Which Have Been Identified Will be Sent to Relatives—Fragmentary Remains of Nine Others to be Buried in Arlington Cemetery.

Honolulu, T. H., Sept. 9.—The dead of the submarine F-4 in eight caskets draped with the American flag, were placed today aboard the United States steamship Supply, to be sent home. Shortly afterward the steamer weighed anchor and sailed for San Francisco.

Four of the bodies which had been identified, occupied separate coffins and will be sent to relatives. The fragmentary remains of only nine others of the remainder of the crew of 22 were recovered from the debris-filled wreck of the submarine and these occupied the other four coffins, which will be sent to the National Cemetery at Arlington, Va.

Governor L. B. Pinkham, Mayor J. C. Lane and Military and naval officers had places in the procession and attended the services held at the naval station.

The four identified bodies taken from the F-4 were those of George T. Ashcroft of Los Angeles, Ivan L. Mahan, Lima, Ohio; Charles H. Wells, Norfolk, Va., and Frank H. Herzog.

GERMANS ATTEMPT TO BREAK FRENCH LINES

CROWN PRINCE TAKES TRENCHES AND 2,000 PRISONERS

French State Germans are Thrown Back With Heavy Losses—Things Moving More Slowly Along the East Front.

London, Sept. 9.—The German crown prince is making another determined effort to break through the French lines in the Argonne, and, according to the Berlin official statement, has succeeded in taking trenches over a front of two kilometers and to a depth of from 300 to 500 meters, capturing 2,000 prisoners, 43 machine guns and 14 mine throwers.

The French, both in their midnight report and again this afternoon admitted that the Germans have gained a partial success but asserted that in most instances they were thrown back with heavy losses.

Second Effort at Victory.
This is the second effort of the German emperor's heir to win a victory in this region within the last three months and, although on each occasion he gained a small amount of ground, he is apparently as far from his objective this time as on the previous occasion. Fighting was in progress all yesterday and through-out the night and still was going on when the last report was issued.

This doubtless is the German reply to the artillery bombardment which the allies kept up for fifteen days, but which now seems to be dying down without any infantry attacks following it, as has been expected. Except for heavy gun action south of Arras, bomb throwing seems to have taken its place. Along the east front things are moving slowly again after the Russian offensive in the southeast, in which they claim a substantial victory, had helped to liven up matters.

Situation is Unchanged.
From the Gulf of Riga to Olita, south of Kovno, the Germans state, the situation is unchanged, while their center from that point to and beyond the Pripiet Marshes continues to advance. Thus to the Rumanian frontier the Russians are still the aggressors; they are endeavoring to prevent the invasion of Bessarabia.

On the whole the Russians appear with fresh supplies of ammunition to be making a better stand. They are aided, doubtless by the rains, which are turning the roads, especially in the region of the Pripiet and its affluents into quagmires.

The only news from the Dardanelles comes from Turkish sources, which report an artillery action in which the allied ships took part.

SETS AT REST RUMORS THAT OUR SIDE ENEMIES CAUSED BLAST

Manager of Western Powder Company Says No Powder Has Been Made For Use in European War—One is Killed in Explosion.

Peoria, Ill., Sept. 9.—W. A. Moberly, president and general manager of the Western Powder Manufacturing company, tonight set at rest rumors that the explosion today which wrecked the wheel house and caused the death of W. H. Moon, an employee, was caused by outside enemies.

"To date we have made no powder for use in the European war and our plant at present is working on what we term 'fire works' and 'sport' powder," said Mr. Moberly. Moon's body was literally torn to pieces when over 300 tons of powder exploded this afternoon. Although the plant is located five miles from Peoria the concussion shook houses in the southern section of the city, breaking hundreds of windows.

Mr. Moberly stated tonight the exact cause of the explosion had not been determined.

RESTORE PEACE AMONG ELEGATES TO NEGRO BAPTIST CONVENTION

Two Factions Are Brought Together When Judge Smith Agrees to Act as Arbitrator.

Chicago, Sept. 9.—Peace was restored among the delegates to the Negro National Baptist convention tonight after a day of turmoil which resulted in the necessity of a police guard and the issuance of an injunction against the Rev. E. C. Morris of Mosley, Mo., president of the convention, seeking to restrain him from speaking at the convention or from taking any active part in the proceedings. The two factions which split over controversies were brought together tonight when Judge Frederick A. Smith after dissolving the injunction he had issued earlier in the day, acted as arbitrator.

Considerable excitement was caused at the morning session.

C. A. Walker of Augusta, Ga., mounted the platform and attempted by persuasion to bring the opposing factions together. This failing, the police were summoned.

LOSE FOURTEEN VESSELS.
London, Sept. 9.—A British official statement says: "The ships lost for the week ending Sept. 8th, number ten of a gross tonnage of 37,826; fishing vessels, four, tonnage, 194."

COMMISSION DUE TO ARRIVE TODAY

Conference Will Be Held This Afternoon in Morgan's Library

PLANS NOT ANNOUNCED

Negotiations Are Expected to Result in a Foreign Credit Loan of About \$500,000,000

NO ATTEMPT TO MONOPOLIZE

NEW YORK, Sept. 9.—Baron Reading, lord chief justice of England, chairman of the Anglo-French commission of bankers, coming here to float a big foreign credit loan, Sir Edward Holden, a London financier, and Sir Ernest Cassell, also a prominent British banker and philanthropist, are passengers aboard the Steamer Lapland, which is due to dock here tomorrow, according to a wireless message received late tonight.

To Meet With Morgan.
The first of a series of negotiations through which is expected to float a big foreign credit loan in the country, popularly believed to be in the neighborhood of \$500,000,000 will be held here tomorrow afternoon in the private library of J. P. Morgan. Prominent New York financiers including the presidents of some of the city's strongest banks and trust companies will be present representing the country's syndicate of money interests which probably will attempt to underwrite the loan. Representing the British empire, France and perhaps Russia will be the six members of the Anglo-French commission appointed to deal with the situation here on behalf of their governments.

They will be the guests of Mr. Morgan during the afternoon and at 3:30 o'clock will be given a reception in his library at which they will meet some of the men who hold America's purse strings.

Plans Not Announced.
No announcement was forthcoming as to the commission's plans. It was learned, however, that tomorrow's meeting with New York financiers probably will be the first of a number of conferences at which the members of the commission will meet representative men of the American financial world from every section of the United States.

There will be no attempt it was said, on the part of any one group of bankers to monopolize the commission or to attempt to direct its energies. The jealousies of the financial world and the conflicting interests of some of its dominant figures, so far as possible will be subordinated to meet the commission half way.

As leading New York financiers have indicated that the commission would be given an opportunity to familiarize itself with every phase of the situation, it was assured that the labors of the body here would extend over a considerable period of time and that the preliminary would precede the actual negotiations. A visit by the commission to some of the principal financial centers of various sections of the United States was believed to be within the realm of possibilities.

Face Big Financial Problem.
When the commissioners sit down tomorrow in Mr. Morgan's library they will face a financial problem of proportions never assumed before in the western hemisphere. Not only is the immediate future of Great Britain, France and Russia involved, but, in the opinion of local financiers, the continuance of the prosperity of American exporters likewise is vitally affected.

Whether Great Britain and her allies will continue their lavish spending in the markets of the United States, these financiers assert, depends almost wholly on the success of the commission's work.

Unchecked buying, they declare, cannot continue unless a way is found to pay the bills and the only plausible way seem at the present time is to lend Great Britain, France and Russia the money with which to buy.

How much money is needed, upon what terms it will be borrowed, what collateral will be offered, how long the mammoth loan will run, and numerous other details are what the commission will endeavor to determine.

LOSE FOURTEEN VESSELS.
London, Sept. 9.—A British official statement says: "The ships lost for the week ending Sept. 8th, number ten of a gross tonnage of 37,826; fishing vessels, four, tonnage, 194."

ALBERT G. SPALDING DIES AT POINT LOMA

APPOXY CAUSES DEATH OF SPORTING GOODS MANUFACTURER

'Baseball King' Was Born in Byron, Ill.—Took Chicago and All-American Teams Around the World in 1888.

San Diego, Cal., Sept. 9.—Albert G. Spalding, well known sporting goods manufacturer and San Diego capitalist, died unexpectedly at his home at Point Loma, near here, late tonight. Death was due to apoplexy. He was 65 years old.

Born in Byron, Ill.
Chicago, Sept. 9.—Mr. Spalding was born in Byron, Ill., Sept. 2, 1850, and was one of the pioneers of baseball. He frequently was referred to as the "Father of Baseball."

When he was seventeen years old his reputation as an amateur baseball player led to an offer from the Boston club and for five years he was pitcher and captain of the organization. A few years later Mr. Spalding joined the Chicago team as manager and then became president and secretary.

With his brother he established sporting goods store in Chicago. Later the firm began the manufacture of sporting goods.

Mr. Spalding organized and managed the first world's tour of the Chicago and All-American baseball teams. In the late nineties he moved to Point Loma, Cal.

ENDORSES ACTION OF CHICAGO BOARD IN DISSOLVING UNION

President of Illinois Manufacturers' Association Sends Open Letter to Mayor and President of Board.

CHICAGO, Sept. 9.—An open letter signed by S. M. Hastings, president of the Illinois Manufacturers' association and upholding the action of the board of education in dissolving the Chicago Teachers' Federation was sent today to Mayor Thompson and Michael J. Collins, president of the board of education. In part, the note says:

"The Illinois Manufacturers' association recognizes the right of the teachers to organize as well as the right of employees of the industrial plants. It does not believe the teachers' organizations in Illinois have anything in common with union labor."

"I am instructed by the board of directors of the Illinois manufacturers association to assure you that the organization is in sympathy with the efforts of the mayor of Chicago and a majority of members of the school board to separate the teachers of the schools from the teachers' federation, because the federation is controlled by union labor."

FOUR ARE KILLED AND ONE HURT WHEN AUTO STRIKES TRAIN

WEST FRANKFORT, Ill., Sept. 9.—Three persons were killed and one injured severely when an automobile in which they were riding ran into the engine of a Chicago & Eastern Illinois passenger train near here today.

A. H. Brown, owner of a carnival company, playing at West Frankfort, was killed.

Thomas McDonald, manager for Brown.

Albert Brown, six year old son of A. H. Brown.

O. H. Mooneyham, who was driving the car, fractured skull.

The injured: Harry Dixon, injured seriously.

FIFTY VESSELS WAITING FOR PASSAGE THROUGH PANAMA CANAL

PANAMA, Sept. 9.—Fifty vessels are now awaiting for passage through the Panama canal, which is blocked by the new slide. Forty three vessels are tied up at different points along the waterway. It is expected that vessels drawing not more than 25 feet of water will be able to go through tomorrow.

The Finland, bound from San Francisco for New York and the Kronland, which left New York August 28th, probably will be delayed two or three days longer. There are about 1,200 passengers on these two steamers. The Finland is heavily laden with copper and wheat and draws 22 feet.

FIREMEN ELECT OFFICERS.
Rockford, Ill., Sept. 9.—At the closing session of the National Firemen's association convention here today, the following officers were elected:

Chief Detrick, of South Chicago, president; H. E. McNally, Saginaw, Mich., vice-president; Simon Kellerman, Edwardsville, Ill., secretary; P. G. Hitchcock, Council Bluffs, Ia., treasurer; C. W. Gill, Washington, organizer; William P. Gillooley, Dayton, Ia., statistician.

The naming of the 1916 convention city was referred to the president and executive committee with Niagara Falls, N. Y., the probable choice.

GERMANY REGRETS LOSS OF LIVES

Is Unable to Acknowledge Obligation to Grant an Indemnity

FORM OF MEMORANDUM

Note Relates Circumstances Surrounding the Sinking of the Liner Arabic

ARBITRATION IS SUGGESTED

BERLIN, via London, Sept. 9.—In its note to the United States on the sinking of the White Star Liner Arabic, the German government says that it "most deeply regrets that lives were lost through the action of the commander; it particularly expresses this regret to the government of the United States on account of the death of American citizens" and adds:

"The German government is unable, however, to acknowledge any obligation to grant indemnity in the matter, even if the commander had been mistaken as to the aggressive intentions of the Arabic."

Text of German Note.
Germany's note is in the form of a memorandum under date of September 7th, the text of which follows:

"On August 19th, a German submarine stopped the English Steamer Dunsley about 16 nautical miles south of Kinsdale and was on the point of sinking the prize by gunfire after the crew had left the vessel. At this moment the commander saw a large steamer making directly toward him. This steamer, as developed later, was the Arabic. She was recognized as an enemy vessel, as she did not fly any flag and bore no neutral markings."

Points Directly Toward Diver.
"When she approached she altered her original course but then again pointed directly toward the submarine. From this the commander became convinced that the steamer had the intention of attacking and ramming him."

"In order to anticipate this attack he gave orders for the submarine to dive and fired a torpedo at the steamer. After firing he convinced himself that the people on board were being rescued in fifteen boats."

"According to his instructions the commander was not allowed to attack the Arabic without warning and without saving the lives unless the ship attempted to escape or offered resistance. He was forced, however, to conclude from the attendant circumstances that the Arabic planned a violent attack on the submarine."

Fired Upon on August 14th.
"This conclusion is all the more obvious as he had been fired upon at a great distance in the Irish Sea on August 14th—that is a few days before—by a large passenger steamer, apparently belonging to the British Royal Mail Steam Packet company, which he had neither attacked nor stopped."

"The German government most deeply regrets that lives were lost through the action of the commander. It particularly expresses this regret to the government of the United States on account of the death of American citizens."

Prepared to Arbitrate.
"If it should prove to be the case that it is impossible for the German and American governments to reach a harmonious opinion on this (Continued on page four.)"

WILL ATTEND MILITARY TRAINING CAMP.

Capt. L. P. Owen has been accepted by the government for the military training camp which will be held at Fort Sheridan, Sept. 20 to Oct. 17 inclusive. The government expects to have at least 500 or more registered and much attention is being given the camp by the Chicago press.

It is expected by those in charge that those who enroll who have had no experience will stay the full time. While it is desired that those who have had military training stay the full time if possible, if they can't it is suggested that they attend from Oct. 1 to 17.

Capt. Owen has sent to the Journal a number of enrolling blanks and data concerning the camp. He expresses the wish that a number may enroll from Jacksonville. Capt. Sheldon of the regular army who was instructing officer at Springfield when Col. B. was in camp, is company commander of the military camp.

The Chicago Tribune has a story each day on the proposed camp. The Tribune is of the opinion that it is a great move and that in the present tense situation between this country and Germany that it is a man's duty to attend this camp. It further suggests that if a man can't go that he pay a substitute's expenses and send him.

\$50,000 Herd of Cattle Must be Killed
Chicago, Ill., Sept. 9.—Mrs. Scott Durand's \$50,000 herd of Guernsey cattle, on the Crabtree arm near Lake Bluff, must be slaughtered because of foot and mouth disease. Mrs. Durand was informed today. The cattle, numbering sixty, are said to be the finest herd of Guernseys in America. Mrs. Durand spent years collecting the herd, and tears coursed down her cheeks when she received the news.

In Desperate Need.

Congressman L. C. Dyer of Missouri recently made the confident prediction that the Wilson administration will be compelled to issue bonds to pay the government's running expenses. Congressman Dyer declares that a repetition of time will come. He bases his prediction on the fact that the war tax previously imposed has not raised sufficient funds to meet the treasury deficit occasioned by free trade and the issuing of bonds is about the only course left for raising the necessary money.

The Missouri Way.

Col. Buffum, state highway commissioner of Missouri, is one of the most enthusiastic good roads workers in the central west. Col. Buffum has just announced that another Missouri state highway 259 miles in length will be built across the state, connecting Kansas City with Louisiana, by Sept. 21. This route will follow the line of the Chicago & Alton railroad and will be known as the Blue Book route. As an example of the interest shown by farmers and business men in the movement, more than 100 of them gathered at Hixbee one night this week and subscribed enough money to complete the grading of the road for a distance of more than 20 miles.

Stamp Out Disease.

It may be hard on the state fair but Governor Dunne is certainly taking a wise precaution in requesting that there be no exhibit of prize cattle, sheep and swine at the state fair, which is soon to begin. The governor's purpose is to make every effort to stop a second outbreak of the foot and mouth disease among Illinois livestock. Whatever can be done in this line will be a great saving to the treasury and incidentally to all the livestock growers of Illinois. The first outbreak resulted in the necessity of killing a great many valuable herds of cattle. The owners, it is true, were remunerated for their loss, but the disease and quarantine resulting had such an effect on the livestock market that cattle men all over the state suffered loss.

Mrs. Trout an Able General.

Suffragists all over the state will be interested in the announcement made by Mrs. Grace Wilbur Trout that she will not be a candidate to succeed herself as president of the Illinois Equal Suffrage association. Mrs. Trout declares that she wants a rest and her friends and admirers believe that she is entitled to a respite from her labors. Even those who have opposed Mrs. Trout have been compelled to acknowledge the efficiency of her work. Undoubtedly the judgment and keenness which she displayed with reference to several proposed bills in the Illinois legislature saved equal suffrage to the women of the state. An able woman will have to be chosen as head of the suffrage if the record made by Mrs. Trout is equaled.

A. G. Spaulding Is Dead.

When Albert G. Spaulding passed away in San Diego, Cal., last night one of the greatest figures in baseball was removed. Spaulding became identified with the great national game in its infancy. He has seen it grow until today it is the greatest sport in the world and plants for play have been built costing millions of dollars. In all of this progress in the game Spaulding has ever been a leading figure. He began his baseball career as a pitcher and his name is linked with the greatest pitchers the game has known. He won four pennants for Boston and one for Chicago.

After his return to Chicago he began the manufacture of baseballs and gradually worked into the manufacture of sporting goods of all kinds. Recently the A. G. Spaulding firm was incorporated with a capital of \$3,000,000. The name of Spaulding stands for all that is best in the sporting goods line as it stood for all that was best in baseball when he was engaged as a player and later as president of the Chicago club. Spaulding is dead but his work will live and ever be associated with all that is best and clean in sport.

The Crop Forecast.

While there has been some unfavorable crop weather in Illinois during recent weeks, the September estimate made by the government is not in the least discouraging. In fact, in most instances the Septem-

ber estimate indicates that the figures of August were overly conservative. The figures for wheat and oats show a good increase by comparison with the figures for August. The showing is such that the latest estimate of what is 981,000,000 bushels instead of 966,000,000, the August estimate. The September estimate also increases the figures on oats by 8,000,000 bushels. Continued wet weather has injured the prospect for corn, and the September estimate is less than for the preceding month. But even this figure indicates that the total corn crop will be many million bushels greater than the average. From a local standpoint corn is in better condition than is true in the northern part of the state. The very heavy rain and wind about two weeks ago damaged some Morgan county corn but very little of it was leveled so low that it began to rot. The northern part of the state was visited by the same storm, and still another more severe occurred Wednesday, and the crop in a number of counties north of Morgan is in far from satisfactory condition.

No Sound Argument for Change.

It is really a very hard matter to discuss the question of the coming election and make any argument that has not previously been presented. The statement made that the commission form is objectionable because it does not fairly represent the people is a statement so general in character that it has no particular application in the present instance. The only charge made against the present form of government of any particular moment is that the salaries of the commissioners and mayor are too large and that the government is therefore too expensive.

It has been shown a number of times that a change to the old form now will result in so many elections that the total expense during the next two years will be practically as much as the salaries of mayor and commissioners would be in excess of mayor and aldermen, even if the salaries are fixed at the limit possible under the law. It cannot be, therefore, that the present campaign for a change is waged wholly in the name of economy.

The whole proposition to change is unreasonable and unbusinesslike at this time. It was but a few weeks ago that some of the loudest advocates of change were enthusiastic in their support of the present officials and declaring that they believed the next four years would be excellent for Jacksonville's municipal history. Then very suddenly their views changed and the movement for a new form began.

If this movement had been inaugurated after the present officials had served for two or three years and had given reason for disappointment or disapproval the movement for a change would be much more defensible. But at the very beginning of an administration which a majority of the people's evidently looked upon with favor according to the votes cast in the last election, to launch a movement, which, if successful, will turn municipal affairs into a wholly chaotic condition for an extended period, has no sound reasoning that can be urged in its defense.

There have been efforts made to cloud the real issue by bringing in personal opinions on a variety of subjects. There is only one question "before the house," and that is—do the people at this time, after holding a primary and election to select officers for a four-year period, want to make a change to a wholly different form of government before the officers that have been selected by a majority of the people have even made a good start on the four-year term? Yes, it's a proposition that is hard to argue about because when it is considered in its true light it is so absolutely unreasonable, at the present time.

SOME NOTES ON EXCHANGE AND HOW IT IS MANAGED

Exchange plays an important part in the transactions of the world. We are indebted to the Jews of the feudal times for the first exchange known to the civilized world. When they sent their messengers with money from one city to another robbers would lie in wait and take the cash so the wise Israelites hit on a better plan. If Abraham wanted to send Joseph ten pounds from London to Paris he would send instead of the money a request to Moses, "Please pay Joseph ten pounds and charge the same to me." Moses would comply, and then when he wanted to send Simon ten pounds in London he would ask Abraham to pay it and the twin would be even and no money passed.

When a man ships stock from this vicinity to Chicago he takes the proceeds and deposits it in a bank designated by his home banker to the credit of the latter and gets credit on the books of the home bank. Grain is handled largely the same way and then when a merchant wants to pay a bill in Chicago he goes to his bank and gets an order or draft from his bank on the Chicago bank which pays it out of the money left there by the stock shipper.

In early days the great cattle king, Jacob Strawn, was the medium of exchange with St. Louis where most

merchants bought their goods. He was very gruff and short spoken. He was known far and wide and his name was as good as gold in hand. He would call on a merchant or more likely ride up in front on his horse and call the business man and say, "What do you owe in St. Louis?" "Five hundred dollars," the answer might be. "Bring it out," would be the gruff order.

The merchant would comply, get his receipt, Mr. Strawn would buy cattle with the money, drive them to St. Louis, pay the bill and return the receipt. Thus it was a convenience to both and a safe way to remit and without expense.

Just now the matter of foreign exchange is a serious question. We are dealing all the time with foreign lands. We buy goods of a nation and sell them in return and when the purchases of each are about equal, there is little need of transferring money and bank credits will be the same on either side of the water. But when one nation buys more from another country than it sells to that country, then the equilibrium is disturbed and a credit with the debtor nation is not worth as much as with the nation which has sold the greater quantity of goods.

The time has been when \$500 was worth several dollars more in Calcutta, India if the draft was drawn on New York than if drawn on London. This was the case several years ago.

The following taken from a financial letter will be of interest.

As we are now doing more business with England than with any other nation we will illustrate by taking the English Pound Sterling or Note which is the basis of exchange with that country. When the English Pound Sterling is at par it is equal to \$4.87 United States money. On Wednesday of this week Sterling was quoted at \$4.48 in London and \$4.50 in New York. This is a discount of about 7 per cent. Yesterday it was quoted as high as \$4.60.

Now, if a man in Chicago sold \$1000 worth of goods to a man in London when Sterling Exchange was \$4.50, these goods would cost the London man around \$1075, providing payment was to be made American dollars. Of course, \$1000 in gold would pay it but if the buyer did not have the gold it would cost him \$1075 in English Pounds to get it. In other words, gold is at a premium on the other side, and the discount on Sterling Exchange below \$4.87 is the amount of the premium on gold.

The discount on Sterling Exchange is due to our selling England very much more than we are buying of her. The balance in our favor is growing larger from day to day and to some extent it is upsetting our international trade relations.

WOMEN IN THE NEWS.

San Francisco.—The D. A. R. special, with its notable women tourists, reached Yellowstone Park today. On Sunday the party will reach the San Francisco fair. Mrs. William Cuming Story, the president-general, heads the delegation which is crossing the country to celebrate D. A. R. day at the big fair. With her are representatives of nearly every state in the union, and many of the national officers. The week of Sept. 13 to 18 will be Daughters of the Revolution week at the fair, and the ladies will be the guests of the exposition. It is expected that the quarrel started by the Michigan chapter will be thrashed out by the national officers when they arrive here. Members of the Detroit chapter charge that Mrs. Story is using the navy league movement to cloak a campaign to insure herself in office "contrary to the principles of the organization." The Michigan ladies refused to accompany the delegation to San Francisco.

Covington, Ky.—A memorial to the women of the Colonial Period by America history, from 1607 to 1775, is now assured. A few weeks ago a big meeting of women was held at Cincinnati, which assured the Society of Colonial Daughters of the support of the New York, Virginia, Ohio, Kentucky, Missouri, Delaware, California and New Jersey women in the project. The Society of Colonial Daughters has its headquarters here, with Mrs. Betty W. Taylor as president-general. For eight years this society has been working to secure recognition of the colonial woman as one of the pioneer types to be immortalized.

Minneapolis, Minn.—The Old Trails Chapter, Daughters of the American Revolution will hold a patriotic rally on Saturday at Fort Snelling, and will dedicate a bronze tablet on the old round tower to honor the memory of Col. Leavenworth and his command, who were the first soldiers to occupy the reservation. The tablet will be unveiled by Mrs. Richard Chute, who has lived in Minnesota for 44 years. Mrs. James T. Morris, the regent of Old Trails chapter, has secured much interesting data concerning the early history of Minnesota, and she will tell the story. Governor Winfield S. Hammond will accept the tablet for the state.

San Francisco.—A conference of the Needlework Guild of America

Give the commission form and the present administration a chance and vote "No" in the coming election.

Shall the City of Jacksonville abandon its organization under the Commission form of government and become a city under the general law?

NO

ARMAND'S PERFECT COMPLEXION POWDER

This is the MOST REMARKABLE POWDER we have ever sold. It has been sold in America only a short time.

It is a powder that can be mixed with water and applied as a liquid for evening wear. IT DOES NOT SHOW. It stays on until you wash it off. It contains no rice to enlarge the pores, no chalk to dry the skin, nor any lead to make black heads.

ARMAND'S POWDER IS LUXURIOUS, its texture is soft and very creamy, its perfume is exquisite, delicate and persistent. Armand's Face Powder is not expensive. Because of its extreme fineness, a very little spreads much further than any other. ALL TINTS AND ONLY 50c A BOX.

ROBERTS BROS

will be held next Monday in this city. Mrs. Truman H. Newberry, of Detroit, president of the Guild, is expected to attend, and the California and western branches will send delegates to the meeting. Mrs. E. Percy Teal, of Glendale, Pa., will make the principal address. Mrs. Teal, who is a member of the national board, has been touring the west to strengthen the branches and form new branches. The Guild has established an exhibit in the Palace of Education at the fair.

St. Paul, Minn.—A smoking den for women is an innovation being introduced in the new \$150,000 women's building now being completed at the Ramsey County Poor Farm. The aged inmates, many of whom are grandmothers and great-grandmothers, may sit in comfortable rocking chairs in their den and enjoy their pipes in peace. The smoking den was introduced by vote of the women inmates, with hardly a dissenting voice.

Miss Ruth Ornelas has returned from a two weeks' visit with her sister, Mrs. E. J. Funw, of St. Louis.

BURLINGTON AGENT MAKES ARREST

For some time the Chicago, Burlington & Quincy railroad has been having trouble with parties who journeyed to Beardstown and ride back on freight trains. This in itself is a violation of the company's rules as passengers are not carried on freight trains. In addition to this however, the company officials say that these free passengers are in the habit of setting the airbrakes and stopping the train in Illinois avenue so that they can get off.
A few days ago special agent W. C. Heaton was put on the job to endeavor to break up the practice. Thursday he swore out a warrant for Ezra Wyatt and he was arrested by Sheriff Graff. Wyatt appeared before Justice Dyer and his hearing was set for Saturday morning, September 18, at 9 o'clock.

DUMBA NO LONGER WANTED AS ENVOY TO UNITED STATES

(Continued from page one)

American government, his personality and his frank manner made him a welcome visitor at the state department.

Thirty four years in the diplomatic service, including posts in London, St. Petersburg, Bucharest and Paris, rounded out his career, which, if it had not been for his present difficulty, probably would have closed here with retirement at the end of the war.

The ambassador has spent many years of his life in English-speaking society and even the war did not affect his warm sympathy for things and people here.

Intimate Friend of Spring-Rice

Only diplomatic propriety, which made intercourse with the representative of his country's enemies impossible, forced a severance of his intimate friendship with Sir Cecil Spring-Rice, the British ambassador.

The embassies of the two warring countries face each other and it was an almost daily occurrence to see the one or the other of the embassy automobiles bringing both the ambassadors home together.

Ambassador Dumba will leave his signature on no important treaties or memorials but he will be remembered as a prominent factor in helping to smooth over the rough places when the German situation was at its worst. His visit to President Wilson and his request for the latter's personal intervention for the Austrian prisoners in Siberia was one of the acts which has been placed to his credit at home.

His ardent activity in the interests of his nationals which his friends say was the thing that led him to take the unfortunate step resulting in the request for his recall was his chief interest.

According to a recent statement to a friend when the possibility of his recall was mentioned the ambassador's main regret was that he would be forced to leave his post thus destroying his only chance to serve his country in her time of need. He urged that he was unfit to take part in military activity and that his only opportunity lay in representing Austria-Hungary in the capital of her greatest friend among the neutrals.

Dumba Not at Lenox

Lenox, Mass., Sept. 9.—When word of the request for the recall of Dr. Constantin T. Dumba, Austro-Hungarian ambassador, was taken to the quarters of the summer embassy tonight it was said Dr. Dumba was not there. His secretary Dr. Stephen Hedri de Hedri said he believed the ambassador was in New York. He thought Dr. Dumba might return to Lenox tomorrow.

NO AMERICANS ARE KILLED OR INJURED IN RAID ON LONDON

Message From American Embassy at London States Raid Results in a Number of Casualties.

Washington, Sept. 9.—No Americans were killed or injured in the Zeppelin raid on London, according to a state department despatch received late today from the American embassy at London. The message said that the Zeppelins had dropped bombs on the city and that there were a number of casualties.

While the state department officials did not care to commit themselves definitely at present to an official opinion on the aspect in international law of an attack by airships upon London or any other such city, it was indicated that, presuming the presence of a defensive force in the city there could be no legal objection by a neutral power whose citizens were killed during such an attack. The state department's interpretation of the law is that the fact that the place is "defended" is sufficient to relieve the attackers from the necessity of giving notice before a bombardment.

In the case of London, regardless of the question of fortifications, it is pointed out that there are thousands of British troops in the city and that there are many anti-aircraft guns in place on high buildings for the special purpose of repelling attacks.

ONLY ELEVEN JURYMEN ARE CHOSEN IN TRIAL OF MAYOR BELL

INDIANAPOLIS, Ind., Sept. 9.—In the trial of Mayor Joseph E. Bell, indicted for conspiracy in connection with the election of 1914, there were only eleven men in the jury box when court adjourned for the night as one venireman called was excused to obtain a doctor's certificate. Five veniremen have been excused on preemptory challenges by the prosecution and six by the defense.

A severe thunderstorm, during which sparks of electricity flashed from the chandelier above Prosecutor A. J. Rucker, interrupted the trial for a few minutes.

"Lightning's coming pretty close to the prosecution," shouted M. A. Ryan of counsel for the defense, and even the court joined in the laughter.

STATES RAILROADS ARE

DEFAUDING GOVERNMENT

Los Angeles, Cal., Sept. 9.—In a speech today before the United Association of Postoffice Clerks in convention here, Congressman C. H. Randall of California, who once was a railway mail clerk, charged that the railroads of the country are defrauding the government in the matter of payments for handling the mails.

GERMANY REGRETS LOSS OF LIVES

(Continued from page one.)

point, the German government would be prepared to submit the difference of opinion, as being a question of international law to the Hague tribunal for arbitration pursuant to article 38 of The Hague convention for the pacific settlement of international disputes.

"In so doing it assumes that as a matter of course the arbitral decision shall be admitted to have the importance of a general decision on the permissibility or the converse under international law of German submarine warfare."

Note Reaches Washington.

Washington, Sept. 9.—The note from Germany regarding the sinking of the liner Arabic reached the state department by cable today, through Ambassador Gerard soon after the receipt of a mail report from Ambassador Page at London, enclosing affidavits of survivors. With all available information concerning the case at hand President Wilson and Secretary Lansing now are in position to consider the course to be pursued by this government. It was not known here tonight whether they had decided definitely upon a time to take up consideration of the German note. The sufficiency for the Germans attacking the Arabic hinging as it does upon the affidavits of passengers, will be considered by officials.

MATRIMONIAL

Sampson-Dobbins.

W. Edgar Sampson of Springfield and Miss Ethel Dobbins of Indianapolis, Ind., were married Wednesday evening in the bride's home city, the Rev. E. W. Clippinger, pastor of the Tabernacle Presbyterian church officiating. Mr. Sampson was graduated from Illinois college and studied law at the state university. He was a member of Phi Alpha society.

Mr. Sampson is a well known lawyer of Springfield, being a member of the firm of Sampson & Puttling. The bride is the general secretary of the Young Women's Christian association of Indianapolis. The marriage of Mr. Sampson and Miss Dobbins is the result of a friendship begun several years ago at the University of Illinois.

Munroe-McNulty.

The Chicago Herald of Sept. 8 had the following: "Miss Katherine Munroe, daughter of Mr. and Mrs. William Munroe, of this city, became the bride today of Joseph D. McNulty, son of T. J. McNulty, of Chicago. The marriage took place at noon at the residence of the bride's parents. The Rev. Francis J. Bertrist, pastor of St. Joseph's church, assisted by the Rev. J. C. Robinson, of St. Louis University, officiated."

Mrs. Helen Munroe, sister of the bride, was maid of honor, and Thomas J. McNulty, of Chicago, was best man. Little Miss Nancy McNulty, sister of the bridegroom, was flower bearer.

Out-of-town guests included Mrs. Rouben Smith, of Laredo, Tex.; Mr. and Mrs. Edward Munroe, of Chicago; P. H. McNulty, of New York; William Davis and Mrs. George L. Erwin, of Kalamazoo, Mich.; John D. Murray, of Grand Rapids, Mich., and Theodore Amberg, of Chicago.

William Munroe, father of the bride, is from Rushville, a son of Dr. Thomas Munroe, formerly of Jacksonville.

William Munroe was graduated from Illinois college in the class of 1882, having been here three years. He was a brother of the late James E. Munroe, of Chicago, who married Miss Kate B. Smith, of Jacksonville.

MORTUARY

Johnson.

Mrs. Edward S. Johnson, wife of Major Edward Johnson of Springfield, died at St. John's hospital there Thursday morning. The deceased is survived by her husband and his daughter, Miss Mary Clinton Johnson. Major Johnson was an officer in the 7th regiment Illinois volunteer infantry, during the war of the rebellion, and Alexander Smith, of this city, was a captain of a company in that regiment, and he and Major Johnson have been on terms of intimacy for nearly fifty years. For a long period Major Johnson has been custodian of the Lincoln monument at Springfield and he is credited with having a larger fund of information about Lincoln's life than almost any other man. The funeral service will be held this afternoon at 2:30 o'clock and Capt. Smith and his brother-in-law, Dr. F. M. Rule, expect to attend.

Rutherford.

Mrs. Roy Rutherford passed away at 7:30 o'clock Thursday evening at her home, 323 West College street. She has been ill since last February and for the past ten weeks has been confined to her bed.

Mrs. Rutherford was born near Exeter, thirty-six years ago. Her maiden name was Ida Funk and she attended the schools of Scott county. She is survived by her husband, her mother, Mrs. Mary Funk and a brother, James Funk, all of West College street. A second brother resides in Exeter and a third in Quincy.

Funeral arrangements will be announced later.

WILL STUDY IN EAST.

Mrs. Carl E. Black and daughter, Miss Dorothy Black, left for Chicago this morning on their way to New York city, where Miss Black will attend college. Mrs. Black will visit relatives for several weeks and her daughter will reside during the school year at the home of her aunt, Mrs. Helen Dwight.

DRESS UP time is here. Why not look through and see if you are not in need of some new fall and winter clothing. This is going to be a great "dress up" season and you will want to look as neat as your neighbor. See if you are not in need of a nice nobby suit and overcoat. Also extra trousers.

YALE PROFESSOR WRITES ABOUT SUPREME ISSUE IN GREAT WAR

Declares Victory for Germany Would Be Terrible Blow to All Popular Government—A Review of War Issues.

In the New York Times of September 5th, Prof. Geo. T. Ladd of Yale University contributes an article "The Supreme Issue of the Great European War" and the writer says it is whether a representative democracy or a military autocracy shall be the dominant force hereafter. As the article is too long to publish entirely a condensation is offered.

The moderation of judgment shown by the people of the United States has been misinterpreted abroad and regarded as due to ignorance or weakness which is not the case. The generosity manifested towards the unfortunate sufferers abroad has been magnificence and yet the writer fears our people have not fully risen to comprehension of the supreme issue of the war. The incomparably great consequence of the might conflict and it is a matter which vitally concerns us as a nation. The plain truth is, the issue of this war is whether a representative democracy or a military autocracy shall be dominant in Europe and the near east and so most aggressive and industrial over the civilized world; whether the national existence of the weak shall be defended or whether mightier empires shall crush them under foot. Shall the triumph go to the nations which have stood for a good measure of popular government or for the two nations of central Europe whose monarchs still claim to rule by divine right, as the regents of God and responsible to Him alone, empowered and determined to enforce their will by an army of conscripts whose allegiance is claimed as primarily due to them as persons rather than as free citizens to the defense of the country.

The German nation and to some extent the Austrian, are striving all over the world, and especially in this country by many cunning devices and highly dishonorable tricks in their efforts to obscure the real issue. If Germany wins Belgium will undoubtedly be wiped off the map and absorbed by the conquerors and if the allies win Turkey will get what she deserves, wiped off the map of Europe.

The claim of Germany at the beginning of the war that it was contending for national existence or a chance to expand was hypocritical and absurd. It was already expanding due to the fact that England had cleared the seas of pirates and made it possible and was not interfering but now it is fighting for national integrity and even perhaps for its existence as a monarchy and more so is the Austrian nation for two centuries under the oppressive rule of the unscrupulous, haughty and cruel Teutonic and Magyar rulers. If Germany wins Serbia and the Balkan states will follow the fate of Bosnia and Herzegovina. No wonder then that the armies are doing tremendous deeds of valor and praying to God for victory while the Turks are either cursing the Germans for getting them into the dreadful mess or praying to Allah.

Then comes the question Why should our land sympathize with one side more than another? Because one side stands in the way of social institutions and civil government and the other does not and because of the great issue already defined.

Germany and Austria and their infamous ally, the Turk, stand for a form of government wholly repugnant to the people of our land and this is a fact and not a theory. If any of the rampant German-American citizens doubt this let them go back to Fatherland and speak of the Kaiser as they have too freely spoken of President Wilson; they would soon find themselves in prison for les majeste.

On the other hand, France is a free nation fighting for the cause of popular liberty. England may have done some wrong things in pushing her trade but with the exception of the United States it leads all other nations in promising free institutions and free government of the people, by the people and for the people.

Great Britain, Belgium and Italy have kings but not in any such sense as Germany and Austria. A king of the first three named would not dare to do and say what the rulers of the latter do and say, the people rule. Russia is a monarchy but has many redeeming traits and victory for Germany would make her lot none the better but worse. She has been kindly toward conquered peoples and the cruelties practiced by her rulers and aristocrats have been done by those of Teutonic origin.

Now how is the war to affect our country? In the first place we have in our midst a dangerous class who are pushing the German propaganda and have not full sympathy with our country and its institutions. This propaganda is active all over the world and has been in action for twenty years. I am not raising a bogey but making a plain statement; it is not wise to permit a party to work to excuse the actions of a foreign government for its misdeeds or actions against us or by way of placing an embargo that contravenes our own natural rights under international law; it should not be tolerated even in a limited way. The editors who speak for these people and abuse the president for his actions are guilty of a wild and constructive treason.

Another dangerous class coming to our shores from Austria and Germany are the ignorant ones who fall an easy prey to the socialists and anarchists who work only harm. Our country is testing the ability of a free people to govern themselves and we see the spectacle of a nation using the most terrible methods to expand its boundaries and increase its authority; dominance of empire is the aim; efficiency the god. If Germany conquers the result is easy to foresee. Her appetite for trade will lead her to South American and to ignore the Monroe doctrine. People of German extraction will think and act largely with the Kaiser. The integrity of China and the open door in the far east will be disregarded; Holland, Denmark and Switzerland will be no safer than Belgium. Turkey will be no less inclined to or restrained from massacring as she pleases; the Balkan states will be no better off or as well; the treaties of the past will be of no avail and attempts to make new ones will be useless. There will be war in heaven and on earth till the supreme issue is settled in the interests of principles of freedom as represented by the allies; a drawn battle will not answer.

MOVEMENT OF WESTERN STOCK CATTLE UNDER WAY

Ohio and Indiana cattle feeders are now beginning to lay in supplies of store or stock cattle for winter feeding. The past week over 5,000 head of stock cattle were shipped from the St. Louis National Stock Yards, most of them going to the Buckeye state and Indiana. A large part of these stockers and feeders were raised in the hills of the Ozarks and are well bred, healthy cattle that respond quickly to feed, also stockers from the plains of Minnesota and Iowa that are unable to go to Chicago owing to the stocker trade there being closed by reason of the government quarantine.

Owing to the abundance of feed throughout the middle west this year the prospect is for an unusual demand for stock cattle. As a matter of fact it looks like the supply will not be equal to this demand although the weekly offering of stock cattle at the St. Louis National Stock yards for the next three months should range from 5,000 to 10,000 head per week. This will go a long way toward filling the demand from Ohio and Indiana.

Good strong weight feeders are now selling around \$7.50 @ 7.75 per cwt. while well bred but light weight cattle of the stocker order range from \$6.50 @ 7.25. All told, Ohio and Indiana will likely purchase more than 200,000 head of stock and feeding cattle in the west this fall.

THE EDUCATION OF YOUNG WOMEN.

The Woman's college makes a specialty of the education of young women and girls. It has an equipment of more than \$500,000, covering every line of study in which women are interested.

Do you wish to study music, voice, piano, organ, violin, public school music?

Do you wish to study cooking or sewing?

Do you wish to study art, drawing, painting, china painting, enamel and luster, etc.?

Do you wish to study expression, either in private or class lessons, including instruction in story telling, dramatics, etc.

Do you wish to take a regular college course, or an academy course, or a special course?

We have special classes for young children in music and cooking and sewing.

Do you wish to take any educational work, with first class instructors and with happy and helpful surroundings?

Then call at the college or telephone Bell 102. Illinois 415.

The college opens Monday and Tuesday, Sept. 13 and 14.

ADVERTISED LETTERS.

The following letters remain unclaimed in the Postoffice at Jacksonville, Illinois, for the week ending Sept. 6, 1915.

Abts, M. C.; Babb, Emma; Bovey, Robert; Bradley & Morgan; Canon, P. L.; Carroll, Dr. Elizabeth; Clark, J. P.; Corn, Millard N.; Cox, John; Davis, Miss Dollie; Hurst, R. M.; Jordan, Miss Dora; Kopp, Mrs. Anna; Landan, Bertram G.; Leighty, Miss Elizabeth; Murrell, Howard; Pettit, Dr. John G.; Rawlings, Mrs. Nanine; Sipes, Dr. Emanuel; Warhurst, Mrs. has; Werlup, Mrs. Emma.

Patrons calling for these letters will please say "Advertised," give date of list and pay one cent each postage due.

RALPH I. DUNLAP, Postmaster.

JURY FAILED TO AGREE.

In the case of the city against James McDaniels charged with breaking horses on the streets the jury failed to reach a verdict. The case was tried before Justice Dyer and it is said that the jury stood five for acquittal and one for conviction. Justice Dyer set Friday, Sept. 17, at 9 a. m. for another hearing. McDaniels was represented by John M. Butler, while Hugh P. Green appeared for the city.

HANG MURDERER OF CHUD.

Sacramento, Cal., Sept. 9.—David Fountain, convicted of the murder of 12-year-old Margaret Milling in the basement of a church here some months ago, will be hanged at Folsom prison tomorrow morning. Fountain was twice sentenced to the gallows. He secured a postponement of the first sentence through an appeal to the Supreme Court, which was denied.

AUCTION RAILROAD TODAY.

Indianapolis, Ind., Sept. 9.—The sale of the Cincinnati, Indianapolis & Western Railway is set for today, by order of the U. S. District court. The road has been in the hands of receivers and it is understood that a reorganization committee has arranged to bid it in for the bondholders. The sale of the road was ordered by the federal court at Cincinnati to satisfy mortgages held in New York. All of the property of the road will be included in the auction.

Mrs. Thurlow H. Pratt, of Chapin, was among city visitors Thursday.

THE MONTESSORI MOVEMENT.

The Montessori movement, considered by many a radical departure from traditional educational methods, is reviewed by Miss Arne E. George in the Annual Report of the U. S. Commissioner of Education recently issued. The method is summed up as "freedom for development of the child under best conditions, disturbing as little as possible, but helping by every means this development."

Dr. Montessori's particular contribution to the world, according to Miss George, has been that of applying the methods of experimental science to the study of man. The Montessori "didactic material," it is explained, tends to replace the teacher at the earliest stage of education and to make it possible for the child to accomplish his first work independently of a mature mind. "Out of such experiments and the environment that Dr. Montessori establishes," declares Miss George, "she confidently expects others to bring fresh facts, and to build up the content of scientific pedagogy through a method of research, limited by no personality, allied solely to human beings who develop in liberty."

As an instance of the crystallization of sentiment and effort in connection with the Montessori movement, Miss George describes the organization in May, 1913, at Washington, of the Montessori Educational Association, formed "to promote and develop in America the educational movement based on the principles and theories of Dr. Montessori, and to assist in the establishment and maintenance of schools for children, and schools of observation and practice conducted according to these principles." This association now numbers approximately 700 members.

This review of Miss George's is the third publication issued recently by the U. S. Bureau of Education on the Montessori system. Within the past two years the Bureau has published a bulletin on Montessori's characteristic teaching as set forth in her book (Bulletin 1912 No. 17); and also a bulletin containing a comparison between the Montessori method and that of the kindergarten (Bulletin, 1914, No. 28).

CUBS LOOSE TO ROOTERS.

In a game of ball played Thursday afternoon at the State hospital grounds, the Cubs fell before the Rooters batsmen. The teams are made up of boys whose ages range from ten to fourteen years of age. The score was 6 to 8. Batteries—Cubs, J. Zell and R. Zell. Rooters—Maloney and C. Williamson.

SLIGHTLY POISONED.

An annoying case of ptomaine poisoning occurred recently in Chicago among some former Jacksonville people. William Alcott was visiting there and he with Mrs. Genevieve Alexander Taylor, Mrs. William Alexander, Mrs. Frank Huffaker and the Barr family all were sufferers. Fortunately the trouble was not severe and the patients are recovering all right.

LINER PICKS UP PASSENGERS.

Providence, R. I., Sept. 9.—When the Fabre liner Roma sails today for the Azores, Lisbon, Gibraltar and Barcelona, it will carry no passengers of German, Austrian, Hungarian, or Turkish nationality. Americans of German descent are denied passage. The object is to prevent danger to the vessel cargo and other passengers. Every passenger is also forced to produce a passport.

OPEN BIG INTERSTATE SHOOT.

Sea Girt, N. J., Sept. 9.—The 25th annual interstate shooting tournament opened today on the range of the New Jersey Rifle association. The tournament will continue until Sept. 18.

Miss Vita Mueller, of Bluffs, is a guest of Miss Irene Park and Miss Edith Taylor at their home on West North street.

Vest Pocket Essays BY GEORGE FITCH

Author of "At Good Old Slwash."

THE PINE TREE

Next to the horse the pine tree has been the most faithful friend of man.

Other friends are fickle. The oats curl up and die in the early June sun. The corn flourishes mightily and dreads the September frost like a geranium on a cold night. The wheat receives the chinch bug joyfully to its bosom and lets man struggle through the winter on credit. But the pine tree stands at attention through the centuries, waiting for man to come along with a two-ended saw and make it into houses, telegraph poles, fumed oak furniture and ten thousand other conveniences of civilization.

This nation has housed 100,000,000 people in the last century, but it couldn't have done it without the pine tree. When the Pilgrims landed they were met by Indians, mosquitoes, chibblains and pine trees and only the latter did them any good. The pioneer built his home of pine logs and when the

ZION NEIGHBORHOOD.

Mrs. Mary A. Gunn returned home Thursday morning from Boyceville, Wis.

COTTON MILL MEN AT NEW LONDON

New London, Conn., Sept. 9.—The 99th annual convention of the National association of Cotton Manufacturers opened here today. Mill men from New England and the South have come to the convention for the discussion of the problems that have arisen in the dye and weaving industries. The cotton men will hear Senator John W. Weeks of Massachusetts at the annual banquet tomorrow night.

The cotton men were told today of the early spinning of Cotton in Connecticut, when the first Governor John Winthrop, Jr., brought the first cotton from the Barbados islands. The mill men also viewed today the old mill, built in 1661, which is still in operation.

VISITED KELLOGG FACTORY.

Miss Anne Jackson of Jacksonville who is visiting in Battle Creek, Mich., went through the famous Kellogg Toasted Corn Flake Company's factory yesterday. Miss Jackson was shown the various interesting processes of making toasted corn flakes and other prepared cereal foods which are manufactured by the company. The remarkably handsome banquet room in the No. 1 factory proved of especial interest; its wonderful mural decorations, rich hangings and elaborate furniture eliciting a great deal of admiration from all visitors. The office building of the Kellogg company is considered one of the most complete and best equipped in the United States.

REGIMENT WALKED 2,900 MILES

St. Paul, Minn., Sept. 9.—Survivors of the famous old Sixth Minnesota regiment gathered this morning for a reunion at the old capitol. The regiment served with honor in the Indian wars and in the Civil war, traveling 8,800 miles by marches, boat and rail, of which 2,900 miles were covered by foot. Only five of the original staff of 31 are living. The veterans will go to the State fair this afternoon to join in the reunion of the Minnesota Veterans' association, at which Gen. Winfield S. Hammond will speak.

GOOD MUSICAL ACT.

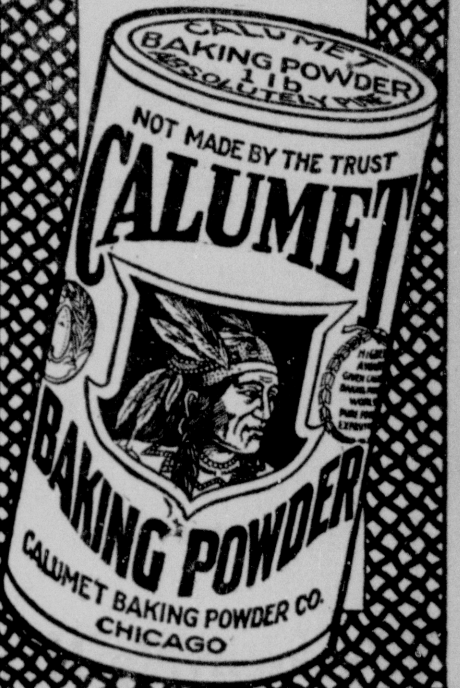

The three Natelli sisters opened a three days' engagement at the Grand Thursday. The sisters have a musical act and play rios on piano, violin and cello. The violinist is especially capable. They also do solo numbers both instrumental and voice. The act was well received by Thursday's audiences.

Which?

"Everything baked with Calumet is so tempting—wholesome—delicious—I want 'em all. For things hard to bake right it can't be equalled. Calumet is the world's best Baking Powder—it's moderate in price—pure in the can and pure in the baking—wonderful in leavening and raising power—the most economical to buy and to use."

CANTON BUSINESS MAN SUFFERED 20 YEARS

M. Gibson Swiftly Restored and Feels Like Young Man Again.

M. Gibson, a business man of Canton, Ill., for 20 years was a sufferer from stomach disorders. He took many treatments and spent large sums seeking relief.

One day he tried a dose of Mayr's Wonderful Remedy. The results he sought came at once. He found quick relief. Telling of his experience, he wrote:

"Your medicine is the best on earth. I have spent hundreds of dollars on medicine, doctor bills and hospital expenses. I have been sick for 20 years. Since I took your medicine I feel like a young man again."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee. If not satisfactory money will be returned.

"Gets-It" for Corns, SURE as Sunrise!

Any Corn, With "Gets-It" on It, Is an Absolute "Goner!"

Yes, it's the simplest thing in the world to get rid of a corn—when you use "Gets-It," the world's greatest corn-killer. Really, it's almost a pleasure to have corns just to see

"Gets-It" Puts Your Feet in Clover.

them come off with "Gets-It." It just loosens the corn from the true flesh, easily, and then makes it come "clean off," in hours ends corns for keeps. It makes the use of tape, corn-squeezing bandages, irritating salves, knives, scissors, and razors really look ridiculous. Get rid of those corns quickly, surely, painlessly—just easily—with "Gets-It." For warts and bunions, too. It's the 21st century way.

"Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Jacksonville and recommended as the world's best corn cure—by Armstrong's Drug Store—J. A. Obermeyer.

BROOKLYN TAKES FINAL OF SERIES FROM BRAVES

ONLY THREE HITS ARE MADE BY BOTH TEAMS.

Tyler Allows Only One Hit and Pfeiffer is Hit Twice—Only Two Boston Players Reach Second and Only One Got to Third.

Brooklyn, Sept. 9.—Brooklyn defeated Boston, 1 to 0. The only hit off Tyler, who pitched superb ball for Boston, was enough. It was a grounder by Getz which Schmidt was unable to field cleanly. Pfeiffer meanwhile allowed the Braves only two hits, a single by Moran in the fourth and an infield single by Egan in the ninth.

The Superbas' lone run was made on a pass to Meyers, the hit by Getz, a double steal and an out by Nixon. Only two Boston players reached second and none got to third.

Marianville is out of the game for an indefinite period as the result of having been spiked during the final game of the recent New York series.

"MORNING GLANCES" (By Gosh)

The Red Sox beat Philadelphia yesterday 5 to 0. Knowlson issued six passes and these with hits netted the runs. Shore pitched a steady game for Boston, allowing but one hit.

Brooklyn beat Boston 1 to 0 yesterday and thereby moved back to second place. The game was a great pitching duel between Tyler and Pfeiffer. Tyler allowed Brooklyn but one hit but it followed one of the two bases on balls that he gave. This coupled with a double steal netted Brooklyn the only run of the game. Pfeiffer pitching for Brooklyn allowed Boston two hits and not a man reached third and only two reached second.

Pittsburgh lost an exhibition game to the White Sox at Pittsburgh yesterday. Both teams used recruit pitchers. Only eight innings were played, the final score being 9 to 4 in favor of the Sox.

Philadelphia further increased her lead in the National Thursday by winning a double header from New York. The first game was a pitcher's battle between Alexander and Benton and resulted in a victory for Alexander by a score of 3 to 0. Demaree was invincible in the second game while Schauer was hit hard.

Cincinnati beat St. Louis two games yesterday. The first game was six innings and was won by a score of 4 to 3. The second game was six innings and was won by a score of 5 to 0.

CASES OF INTEREST.

Evidence as to Trailing by Dogs.
(West & Co.)

It is a matter of common knowledge that certain breeds of dogs possess the peculiar faculty of trailing by scent. Proof of such trailing is admitted by the courts only upon the most satisfactory evidence of scenting ability. Rules for laying proper foundation for admission of evidence of trailing by dogs are stated in detail in *Fite Vs. State*, 84 S. E. 485: "Evidence as to the conduct of dogs in following tracks should not be admitted until after a preliminary investigation, in which it is established that one or more of the dogs in question were of a stock characterized by acuteness of scent and power of discrimination and had been trained or tested in the exercise of these qualities in the tracking of human beings, and were in the charge of one accustomed to use them. It must also appear that the dogs so trained and tested were laid on a trail, whether visible or not concerning which testimony had been admitted, and upon a track which the circumstances indicate to have been made by the accused. When these preliminary tests have been made, the fact of tracking by a bloodhound may be permitted to go to the jury as one of the circumstances which may tend to connect the defendant with the crime with which he is charged. Should the preliminary investigation disclose either that the dog was not of proper stock or untrained, or not in the charge of a person familiar with such dogs, or was not placed upon a trail connected at least by circumstances with the defendant, the trial court should exclude the entire testimony as to the conduct of the dogs. When such a foundation as that referred to above had been laid, and evidence showing the conduct of the dogs has been received, the jury should be charged, in substance, that before they can consider the conduct of the dogs they must find that the dogs were accurate, certain, and reliable in following the trail of human footsteps, and that if they find this, then the evidence of the conduct of the dogs and its result may be considered, together with all the other evidence in the case, as a circumstance in determining the guilt or innocence of the defendant."

CUBS BUY DOUGLAS.

Chicago, Sept. 9.—Pitcher Phil Douglas, of the Brooklyn National League team was purchased today by Manager Bresnahan, of the local national club for the waiver price. Waivers were asked on Douglas several weeks ago. The local club agreed to take him following his three hit game which he pitched on Tuesday against Philadelphia.

RED SOX ADMINISTER SHUTOUT TO ATHLETICS

SHORE ALLOWS PHILADELPHIA ONLY ONE HIT.

Knowlson's Passes With Occasional Hits Produce Five Runs for Boston—Red Sox Revised Beating Order Proves Effective.

Boston, Sept. 9.—Knowlson's passes with occasional hits, produced five runs for the Boston Americans, while Philadelphia was being held scoreless today. Shore pitched a tight game, only one Athletic hit being recorded. His support was errorless. Boston's revised batting order proved an effective combination.

New York . . . 000 000 010—1 9 0
Batteries—Gallia and Henry; Pieh, Vance and Krueger.

TRAFFIC MEN WHACK COMMERCE COMMISSION

Toledo, O., Sept. 9.—Suggestions to curb the power of the Interstate Commerce Commission and to give common carriers the right to appeal from the decisions of the commission will be made at the annual meeting of the National Industrial Traffic League, which opens here today. Representing many industrial organizations, the traffic men have come from many sections of the country to discuss plans for a campaign in the interests of those who oppose the present strict Federal control. A revision of the great powers of the Commission, so that the teeth will be thoroughly extracted, is aimed at.

According to Secretary Frank Barry of the Merchants and Manufacturers' association, legislative matters will be brought up for the principal discussions at the meeting here. Two days will be devoted to the discussions. Among the matters proposed is the right of appeal from negative orders of the Commission. Amendments will be suggested for the commission law, giving litigants the right to examine the facts as represented by the examiners. Complete reorganization of the commission will be talked over. An amendment to the recently enacted Cummins law regarding carriers and express companies will be brought in, and still another important measure that will be urged is an amendment so that through rates shall not exceed combinations of local rates.

It is proposed to establish the headquarters of the League in Washington.

Mrs. W. S. Cleady and daughter, Miss Anna, were arrivals in the city yesterday from the northeast part of the country.

Roy Lomb made a business trip to the city yesterday.

DIRECTUM I LOWERS CHARTER OAK RECORD

CLIP'S ONE AND ONE HALF SECONDS FROM MARK.

Myrtle's Captures 2:14 Trot and Peter Scott Takes the 2:11 Trot—Both Events Are Won in Straight Heats.

Hartford, Conn., Sept. 9.—The feature of the fourth day of racing at the Grand circuit meeting at Charter Oak park this evening was the successful attempt of the pacer Directum I, driven by Tommy Murphy, to lower the track record of two minutes. The chestnut stallion was in fine form and on a fast track clipped one and one half seconds off the track record. The former record was made by Star Pointer in 1899.

Summaries

2:14 trot; purse \$1,000.

Madden, won; Sure Mike, second; Kokola, third. Best time—2:11 1/4.

UNITED STATES PUBLIC HEALTH SERVICE

The Purity of Milk.

The public Health Reports of the U. S. Public Health Service for August 13, 1915, publishes an article by Prof. H. W. Conn of the Wesleyan University, Middletown, Conn., on the discrepancies in the reports of analyses of supposedly identical samples of milk. This report, which is in considerable length, considers whether these discrepancies are due to the inevitable difficulties in bacteriological analyses, and the improvements which may be made in the methods technique of such analyses.

In October, 1914, four of the large laboratories in New York city determined upon a co-operative test by which some of these questions could, if possible, be answered. The planning and co-ordination of the whole series was in the hands of a referee and the tests lasted seven months and involved something like 20,000 separate analyses by a variety of methods. The author concludes that the present standard methods of milk analysis are in need of revision; that individual analyses under the best condition are subject to considerable variation so that no single count can be properly relied upon. The article contains nineteen separate conclusions, and will doubtless prove of great value to those interested in the standardization of the purity of milk.

SOX DEFEAT PIRATES.

Pittsburgh, Sept. 9.—The Pittsburgh Nationals and Chicago Americans played an exhibition game here today, the visitors winning by the score of 9 to 4 in eight innings, the game being called to allow the Chicago team to catch a train.

Score: R. H. E.
Chicago . . . 051 020 10—9 13 5
Pittsburgh . . . 001 090 20—4 9 3
Davis, Schalk and Shook; Hill, Kelly, W. Wagner and Murphy.

Mrs. E. O. Hess, of Manchester, was a visitor in Jacksonville Thursday.

You can play P. A. both ways!

Prince Albert is a regular *double-header* for a single admission; a two-bagger with the bases full and two out in the ninth! Yes, sir, it pleases the jimmy pipe smoker just as it satisfies the cigarette roller! You can't put P. A. in wrong, because it has *everything any man ever hankered for* in the tobacco line! The patented process fixes that—and takes out the bite and parch!

Now, you listen to this nation-wide smoke news, men, because we tell you P. A. will come across like it was an old friend. You'll get fond of it on the first fire up, it's so good, and so cool, and so chummy!

PRINCE ALBERT

the national joy smoke

just let's you go-to-it all the day long without a come-back! And you don't have to take a correspondence course in tobacco smoking to understand how to smoke P. A. You take-to-it, *natural like!*

We tell you Prince Albert will put *new joykinks* into your palate! If you roll 'em, P. A. will sound a *new note* as to just how good the makin's can be! Realize that men everywhere—all over the world—are smoking Prince Albert tobacco. That certainly ought to put a lead-me-to-it whisper in *your ear!*

Prince Albert is sold everywhere in tippy red bags, 5c; tidy red tins, 10c, and in handsome pound and half-pound tin humidors; also, in that dandy pound crystal-glass humidur with the sponge-moistener top that keeps the tobacco at the high point of perfection.

JENKINSON-BODE COMPANY

SUPERINTENDENT'S REPORT, JACKSONVILLE DISTRICT.

By F. A. McCarthy.)

Bishop McDowell and Members of the Illinois Conference:

To make a complete report of the Jacksonville district would be to record the doings of thirty-eight pastors, write the history of seventy-two churches, and unfold the spiritual experiences of some eleven thousand souls. The larger part of this by far would be to recount the steady, faithful, plodding pull, which is always prosy, and never shines in public print or speech, and yet after all which is the bone and marrow, the body proper of our church work.

"They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; they shall walk, and not faint." These three experiences are common to most all religious work. The soaring on the eagle's wings is always published, marked feats of running usually get into the newspapers, and adorn the district report, but the commonplace, steady, toilsome walk, the gait that breaks up the fallow ground, harrows in the seed, and harvests the grain makes very uninteresting reading, hence I shall not try to put this service into words, but may I in the beginning speak this word of tribute for those faithful, patient, toiling pastors, stewards, workers in the Sunday school, Epworth league, Ladies' aid, Missionary societies, and other branches of work, whose quiet heroism and sacrifices are published only in cold totals of figures that gladden our hearts, but reveal nothing of the splendid effort which produced them. Thank God, they are fully written in heaven, and will be the most interesting kind of history to gladden eternity.

Getting Started.

After conference the pastors hastened to their fields of labor, and began to plan the year's campaign. The annual meeting of the pastors and stewards was largely given to organization plans, and successful methods of revival work. We were delighted with the presence and help of Dr. U. G. Leasby, of the Northwest Indiana conference, who presented "The New Financial Plan," and from his large experience gave valuable information to perplexed pastors and laymen. Twenty-two churches have either completely or in part adopted the new plan. It is needless to say that these changes have financed their churches more easily and promptly than those following any other method. Besides all this the plan is rich in spiritual results. It works most successfully wherever it is worked. It is a consummation devoutly to be wished, that the sixteen remaining churches who are still using antiquated financial methods will soon wheel into line.

Revivals.

The revival work begun early. It may be in some cases too early. The proper time for holding a revival meeting is interesting and vital. For the most part the pastors held their own meetings. They helped each other, and some had assistance of evangelists. Over five hundred conversions were reported, but our great regret is that we cannot report the movement has been presented to the Fourth Quarterly conference for consideration. The constituency rolls have been compiled, and we expect to move out and do our part in winning the two hundred and fifty thousand for Christ. The coming of Evangelist Towle into our district to live, is most welcome, and we trust will be helpful in carrying out our evangelistic plans. He holds his second meeting after conference at Carrollton.

Building and Improvements.

The people of Concord are realizing a long time dream. Under the efficient leadership of Brother W. P. Bowman, the sentiment for a new church was crystallized into definite plans early in the unseasonable summer the work has been pushed forward, and the beautiful new \$10,000 church is nearing completion. It is built of Toronto brown pressed brick and is modern in every respect, steam heat, pipe organ, and of beautiful design. It will be ready for dedication in the late autumn.

Bluffs, Meredosia, Carrollton, Fairview, Meredosia, Brooklyn and Rockbridge have improved and beautified their churches. Ashland and Virginia made valuable additions to their parsonages. Other improvements are under way or contemplated. Centenary, Jacksonville will remove their parsonage, Lynnville will build a social room and kitchen. Fairview, Oakford and Kilbourne are putting in commodious basements.

Episcopal Visitation.

The spring meeting was a great occasion. We shared together with the other districts of the conference the joy of having Bishop McDowell with us; also Dr. Bovard, Dr. Trimble and Dr. Calkins. Dr. Blake did not reach us. Not only did these men enrich the two days' program, but the value of the fellowship, and personal touch can hardly be overstated. Our entire district is thoroughly convinced that the district meeting is the ideal place for the bishop and the general conference officers to come into real touch with the preachers and laymen.

The Survey.

The distinctive feature of the year's work has been the district survey, or rather the first steps toward such a survey. The spring meeting constituted a committee to work out practical lines of investigation. There was some difficulty in determining the limits of such an attempt. It was finally decided to get out questionnaires along four lines. First, The Church; Second, The Constituency; Third, Other Churches; and Fourth, Educational. For the most part the men worked out this survey in good shape, others not so well. In some cases the other churches joined our people in

working out the constituency roll, by making a united house to house canvass of the entire community. Indeed in one instance the Catholic church joined in the investigation.

One part of this survey called for a map of the Charge, showing roads, streets, churches, schools, and homes of members and constituency, homes of members in different colors. This work has been well done. Some of the thrifty pastors enlisted members of their Epworth leagues to make these maps and many of them are very attractive. Perhaps the men of this district never answered question thirty three so heartily and honestly. "Has the Pastor made a visiting list, etc." Pastors coming into this district this year will be delighted to find the new seas so well charted.

Another interesting feature of the survey was the weekly report of attendance at the church services. Sunday school, league, and prayer meetings, but not enough of the Pastors joined in this part to make it a real success.

The Woman's College.

The Woman's College as usual reports the greatest year of its history. During the summer enrollment has been slow in all the colleges, but prospects are now bright for another great year. The college has kept pretty quiet along financial lines on account of the other campaigns, but President Harker now launches upon the long announced campaign to complete the \$200,000 endowment required for standard colleges by January next.

Benevolences.

It would seem that during this year we have felt the financial stringency resulting from general conditions, and recent crop failures, even more than during the years of these failures. Nevertheless pastors and people have realized the need of special effort, and have stood by both the current expense budget, and the Benevolent Causes. We hope when the final totals are made they will show a gain over last year.

The Reaper.

For the first time since my coming to the district work, the Death Angel has entered a parsonage home, and to claim Harold, the eighteen year old son of Brother and Sister W. A. Boyd and under the most distressing circumstances. Harold was a magnificent type of young manhood, brilliant, clean, manly, Christian. He had completed his junior year in the high school. He was seriously considering the Ministry as a life work. An expert musician he played first cornet in Jeffries Concert band. While the band was filling a Chautauqua engagement at Gallatin, Mo., Harold was accidentally drowned in the Grand river, August 19th. Words cannot express the strain and agony of the stricken home until the body was recovered. Brother and Sister Boyd, and Daughter tested the promise, "My grace is sufficient." Harold had won a large place in the hearts of Jacksonville people, and the city was deeply stirred by his tragic death. Young as he was, and with all life's bright prospect before him, he was ready for life, but none were better prepared for God's call to come up higher.

The year with all its joys and sorrows, its victories and defeats, has been a good year. The Pastors have labored faithfully, they have not realized all their ideals and aspirations, but have proved themselves good workmen. We turn to the new year, desiring to follow Paul's admonition, "Be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know that your labor is not in vain in the Lord."

PLACES WANTED FOR STUDENTS
Places are desired for students to work for board and room while attending Illinois Woman's college. Can recommend a number of excellent young women. Telephone or call Illinois Woman's college, main office.

FRANKLIN.

Fred Patterson, Claud Hart, G. J. Dowell, Clifford Finch and Chas. Armstrong took in the ball game Monday at Nicol's Park.

Mr. and Mrs. Albert Alderson returned from Jacksonville Tuesday morning.

Reverend E. S. Vorbeck expects to go to the Methodist conference which is being held in Springfield beginning Wednesday.

Mr. and Mrs. Albert Gray of Scottville were calling on Franklin friends Monday.

Mr. and Mrs. J. P. Smith departed for a two weeks visit with Montana relatives, Tuesday morning.

George Olinger took advantage of the Home Seeker's Excursion through west, which started Tuesday.

Mrs. Ollie Mayfield and Miss Maud Auderton have arrived home after spending a few days in Chicago.

Mrs. Margaret McCallin of Jacksonville visited over Sunday with Mr. and Mrs. Scott Tranbarger and family.

Mr. and Mrs. William Rees, Mr. and Mrs. Elmer Beerup were Jacksonville callers Monday.

Mr. and Mrs. Jackson of the east side visited over Sunday with Mrs. Jackson's mother, Mr. Hart of Hill View.

Otto Beerup, Ernest Bracewell Lloyd Violet and Fred Shirley attended Barnum and Bailey's Circus in Springfield Monday.

Mrs. J. W. Ward of Beardstown is visiting her sister, Mrs. Lora Seymour.

The electric bells at the railroad crossings are now in working order, much to the satisfaction of the citizens.

WILL MEET TODAY.

The Missionary society of State Street church will hold its September meeting in the church parlors at 3 o'clock Friday afternoon. Mr. Chas. Eames, recently returned from China, will address the society and it is earnestly desired that all the ladies of the church shall hear him.

AUTO ROUTES ARRANGED FOR THE STATE FAIR

According to Springfield papers, to protect state fair visitors Commissioner of Public Health and Safety Roy R. Reece and Chief Wilbur Morris have mapped out routes for automobiles going to and coming from the fair grounds.

The plan decided upon is for cars going to the fair grounds to travel Eighth street, and on the return trip cars will drive on the west side of Eighth street to Black avenue, west to Sixth street, and thence into the city.

However, there will be no objection to cars making the return trip through Lincoln park, and back in Fourth street. Messrs. Reece and Morris have mapped out the foregoing route for service cars and all drivers will be compelled to follow that course in going to and returning from the exposition grounds.

Homer Furr was in the city yesterday calling on some of his many friends here. He has been to Chicago and some other places and was on his way home to Carbondale.

Efficient Housekeeping

BY HENRIETTA D. GRAUEL.

CHOOSING THE CHEAPER CUT OF MEAT.

HENRIETTA D. GRAUEL

There are variations in meat prices in different localities, but no place is low priced, so that coarser parts of beefs are purchased by the economical woman. As a result, butchers find the inferior parts of beef selling more readily than the porterhouse or sirloin steaks.

There is no need of pity for the butcher or the housekeeper, provided the latter knows how to choose the lower priced cuts and how much to pay for them. An experienced buyer can tell the age, the method of fattening and the condition of the animal that a cut of meat is taken from and she will not patronize a dealer who sells, lean badly nourished, aged animals.

Having found good meat, it is but a pay fifteen cents for the same amount of the prime article than a great quantity. It is more wholesome to supplement the meat dishes with other food than to have too much meat in the diet.

Low priced meats are not always cheap; a cut of sirloin, tough beef at eight cents is more costly than to pay fifteen cents for the same amount of clear, tender meat. Because, sinew and fat are extravagances that the thoughtful purchaser leaves to the meat dealer.

The foods that you serve with meat and the way in which left overs are used may be an economy or the opposite. Meat pies, Hamburger steaks, combinations of meat and eggs, Irish stew, old-fashioned hash with potatoes and onions, and meat

with spaghetti or cooked en casserole are commendable ways of economizing and saving. Rich creamed sauces whose ingredients are almost as costly as the first price of the leftover you are trying to save, baked dishes that need long cooking or intricately concocted mixtures that take half a day to make are not to be considered.

Every family has individual preferences, and the most successful home cooks that I find are those who experiment for themselves and take the time to write down in note or scrap book the recipes their people enjoy most.

Questions and Answers.

Are feather beds unwholesome to sleep upon and what use aside from pillows can I put two to?—Gretchen.

Reply—Feathers are hot, soft, absorbent and therefore usually damp, sleeping on a bed of them is much like being poulticed from head to foot. If they are not exceedingly thick one falls at once in a hollow and if they are thick they loose their softness. You surely know they are most unsuitable to sleep upon. The only use I can suggest is to make them into pillows and if you have enough of these why not sell the feather beds to a feather renovator?

Should pastry or bread flour be used for making doughnuts—Baker.

Reply—If made with yeast, use bread flour, but with baking powder or buttermilk and soda use pastry flour.

Kindly tell me how to use shuck-tomatoes.—Rural.

Reply—These are also called ground cherries and may be canned for use later in pies, or they may be preserved. The recipe for the latter is to make a thick syrup of three cups of sugar to five cups of cherries.

Tomorrow—Roadside gifts.

HEINZ Tomato Ketchup

Free from Benzoate of Soda

Has just enough seasoning added to the delicate flavor of the fresh, ripe tomato to make it a real tomato relish. It is appetizing—pure—wholesome.

One of the 57

Boy or Girl? Great Question!

This brings to many minds an old tried family remedy—an external application known as "Mother's Friend." During the period of expectancy it is applied to the abdominal muscles and is designed to soothe the intricate network of nerves involved. In this manner it has such a salutary influence as to justify its use in all cases of coming motherhood. It has been generally recommended for years and years and those who have used it speak in highest praise of the immense relief it affords. Particularly do those knowing mothers speak of the absence of morning sickness, absence of strain on the ligaments and freedom from those many other distresses which are usually looked forward to with so much concern.

There is no question but what "Mother's Friend" has a marked tendency to relieve the mind and this of itself in addition to the physical relief has given it a very wide popularity among women. It is absolutely safe to use, renders the skin pliable, is penetrating in its nature and is composed of those embrocations best suited to thoroughly lubricate the nerves, muscles, tendons and ligaments involved.

You can obtain "Mother's Friend" at almost any drug store. The regular price is \$1.00 a bottle.

It is prepared only by Bradford Regulator Co., 501 Lamar Bldg., Atlanta, Ga. Avoid the many worthless substitutes. It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

MERCHANTS PLAN FOR FALL FASHION DAY

Many Firms Will Co-operate in Opening Day Wednesday, Sept. 15—Special Attractions For Visitors.

The merchants of Jacksonville have united in preparations for a grand opening and fall festival to take place next Wednesday, Sept. 15. The promotion work has been done by Secretary Weber of the chamber of commerce and as a result of his active work during recent days about forty of the well known business houses of the city have decided to join in making this day a success. The total number of merchants interested is larger than has been true for similar events in the past and the indications are that there will be considerable rivalry in arranging window and interior displays. Visitors are promised some new and original features and a number of the stores will give souvenirs to all visitors.

Among the lines represented are millinery, dry goods, ladies' ready to wear, men's clothing, haberdashery, coats and shoes, furniture, hardware, jewelry, notions, tailoring and five and ten cent stores. An advertising campaign throughout the rural communities and nearby towns has been arranged by Mr. Weber and it is the hope that there may be many visitors in town for this very important fall event. Below is a list of the retail merchants who are co-operating in the movement, and every person who visits the business district on that day is certain of a special welcome in these stores.

REGISTRATION AT ILLINOIS COLLEGE.
Registration in all departments of Illinois College including Conservatory of Music and Whipple Academy, Sept. 20 and 21.

CITY AND COUNTY

Mr. and Mrs. Cockin made a trip from Alexander to the city yesterday in their Buick car. They reported the roads fairly good but within a few miles of the city when they encountered mud.

Mr. and Mrs. S. W. Black and Miss Irene Black, of West College avenue, are making a visit in Decatur. They will visit friends in Terre Haute, Ind., before returning to Jacksonville.

Jack (Tatter) Walsh of the vicinity of Ashland was calling on city friends yesterday. He has been in harvest work for a number of weeks and his experiences have made him a firm believer in stacking.

Mr. and Mrs. John A. Rawlings and children will leave today for Kansas City and from there will go to their home in Bartlesville, Okla. Mrs. Rawlings and children have been here for more than a month and Mr. Rawlings came about a week since.

Mrs. R. E. Ball, Jr., was in the city Wednesday to spend the day with her mother, Mrs. R. D. McArthur, of West State street. Both of the ladies spent the summer at the "Oaks" at Orono, Mich., and Mrs. Ball after a day in this city, left for her home in Kansas City.

In a show window of Brady Bros. store is an ingenious arrangement of automobile goods showing a road and scenery along it and emulating the cycloramas at one time shown in large cities. The reel was joined to the picture so deftly as almost to be indiscernible. The display attracts considerable attention.

O. T. Fell, of Youngstown, Ohio, was in the city yesterday for a few hours to visit his parents. Mr. and Mrs. W. J. Fell, who are soon to leave for a visit in California. Mr. Fell is an attorney for the Republic Iron & Steel Co. and his special work is in caring for company affairs as related to the industrial boards of various states.

ILLINOIS COLLEGE, Conservatory of Music.

The conservatory of music will have this coming year the same strong faculty which has brought such a large measure of success to the school during recent years. Director Kritch will be glad to confer with students or parents about the courses in piano, violin, voice, theory, cello, public school music, etc. Call President Rammelkamp's office, both phones, 454.

THE BIRTH RECORD.

Born, to Mr. and Mrs. Van Hunter of Canton, a daughter. Mrs. Hunter was formerly Miss Emily Reid.

LIGHT COMPANY GIVES MORE EVIDENCE IN RATE CASE

L. E. Fischer and W. E. Merkle Declare Local Plants Are in Highly Efficient Condition—Estimates of Witnesses as to Equipment Condition Varies Greatly from Commission's Engineer's.

The hearing of the Jacksonville rate case before the Illinois public utility commission continued Thursday and is not yet completed. W. E. Merkle, a utility engineer who investigated the Jacksonville plant on behalf of the utility company, was on the stand for a considerable period as was L. E. Fischer, a utility expert. The company has still some further evidence that it wishes to present this morning, and this afternoon it is the expectation that Mr. Little, gas expert for the commission, will be on the stand.

Mr. Fischer in his testimony gave a decidedly higher per cent of efficiency to the local properties than was placed by the commission's engineers when they made an examination of the property. Mr. Fischer's testimony was also related to reproduction costs and his estimates were considerably higher than those made by the commission's engineers. The total value of the local plants according to Mr. Fischer's estimate is \$898,862. He figures that the gas department is worth \$266,242, the electric department, \$317,532, and the street railway department \$274,988.

Mr. Merkle according to the statement made, investigated the plants at the request of Mr. Fischer and made a report to him last month. His investigations covered a period of more than a week. He declared that he went to various parts of the city and had excavations made and personally examined the gas main in localities where, according to the testimony of citizens, it had been underground for thirty or forty years. He said that in all cases he found the cast iron mains in excellent condition and with every indication of much further life. The witness also testified that the electric light wires were in 90 per cent condition and other equipment, according to his statement, he found from 75 to 90 per cent. In one instance he told about an engine he had examined which the records showed had been in service for more than twenty years and yet he considered it in about 80 per cent condition and in all probability capable of doing service for a great many more years than had already been used. His estimate of the condition of property was from 25 to 40 per cent higher than the figures presented on the same equipment by the utility commission's experts.

Under cross examination Mr. Merkle testified as have other witnesses given expert testimony for the company, that in giving his estimates of the condition of equipment that he based the estimates upon observation and experience and that he did not take into consideration life tables which are usually used as the basis for computations relative to the life of machinery.

WITH THE SICK.

Mrs. John Barler, residing at the rural home of the family one mile north of the city, on the Beardstown road, is seriously ill. She was taken sick several months since, and for the past few weeks has been failing. Her children have been summoned and have arrived. They are Mrs. W. T. Parker, of Lynneville, Mrs. Olive Berckley, of Warrensburg, Marion county, Mrs. Nora Miller, of Decatur, and Edward Albrer, of Peoria. John Dewitt, of Prentice, who a few days ago was kicked by a horse and taken to Passavant hospital, is showing steady improvement in condition.

Mrs. E. D. Herald is reported quite indisposed at her home in Edge Hill road.

Charles E. Gunn of the Strawn and Spink insurance office is out after being detained at home for several days by illness.

SOCIAL EVENTS

Entertainment at Country Home

Mr. and Mrs. J. C. Swain entertained a party of young people last Sunday evening at their home in Sinclair. After a chicken supper the time was spent in kodak pictures and mandolin music. The young people of the party were Misses Helen Struck, Leone Dawson, Frances Kolys, and Norma Dawson of Jacksonville; Ina Bell, and Clara Swain of Sinclair, Miss Ada Stavelly of Weyburn, Canada, and Albert Swain, John and James Kolys, Harold and Horace Swain.

MME. GALBRAITH, expert costume designer of New York, now giving special fittings of FROLASET FRONT LACE CORSETS. H. J. & L. M. SMITH.

WALK IS COMPLETED.

The work of putting the asphalt filler in the prism glass walk in front of the new Plaza hotel was completed Thursday and the barricade which was erected while the work was in progress has been removed. George Bettinger, general supervisor of the Relsch Company's buildings is expected in the city today to take up the matter of remodeling the rooms over the building adjoining the hotel on the west.

CHICKEN AND FISH FRY.

JUDGE CARL E. EPLER.

Judge Carl E. Epler of Quincy, Illinois, will speak at the court house on Saturday evening, September 11th, at 7:30 p. m. He will discuss the commission form of government for cities under laws of Illinois and will compare it with the aldermanic form, and with the commission form in some other states.

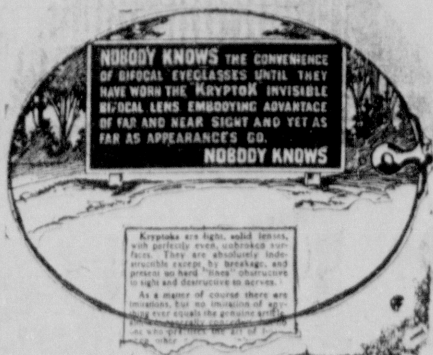

Judge Epler is an old Jacksonville boy—a son of the late Judge Cyrus Epler, and is ex-county judge of Adams county. Judge Carl E. Epler is a conservative, careful lawyer and will furnish accurate information on the subject of city government laws. He is not an enthusiast, but will furnish, instead of enthusiasm, knowledge which some local enthusiasts lack. Everybody invited to hear Judge Epler. Women are especially invited to attend.—Advertisement.

STATE A. H. T. A. MEETING.

The annual convention of the Anti-Horse Thief association of Illinois will be held in Springfield Oct. 20-21. Plans for the gathering are in charge of W. J. Cordier and Mr. Derry of Sangamon county. Three hundred delegates are expected to attend the gathering.

THE Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. It is sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for testimonials from this and other States. Dr. E. W. Hall, 2236 Olive Street, St. Louis, Mo. Sold by druggists.—Adv.

To think clearly you must see clearly.

Even the printed page, seen indistinctly, cannot convey a clear cut thought.

To you clear thinking is a necessity.

Clear thinking breeds quick, strong decisions.

And quick, strong decisions make the impression and gets the results you want.

Your vision may be clear. Yet you may not feel the need of glasses yet or those you wear may give you perfect sight.

But if the time comes when you do feel the need of a change, consult an optometrist who has the skill and the will to produce the results you demand.

FIVE HUNDRED ARE FED AT LITERBERRY BAPTIST CHURCH

Fish and Chicken Fry Attended by
Many from Jacksonville and Vicinity—The List of Committees.

Between 450 and 500 people were fed at the annual fish and chicken fry of Literberry Baptist church Thursday evening. Though few cars were out, many rigs were in evidence and more than eighty people went from Jacksonville by train. There was plenty of everything to eat and the quality was well up to the Literberry standard.

Among the many from Jacksonville who attended the chicken supper were Mrs. A. C. Rexroat, Mrs. W. E. Mann, Miss Bertha Jeffries, Mrs. Cora Herrford, Mr. and Mrs. Eugene D. Pyatt and son Edward, Mrs. Charles W. Brown and daughter Miss Esta, Dr. W. P. Duncan, Chas. McDonald, Byron Kost, Jerry Cox, Carl Robinson, George Vasconcellos, Jay Rodgers, Ralph W. Hutchison, Mrs. J. O. Shuff and daughter, Mrs. Waddell, J. A. Crum, Frank Leach, T. M. Tomlinson, Edgar Fanning, W. H. Cocking, W. L. Shibe, E. J. Howells, C. E. Williamson, Alva Boruff, W. H. Self.

On general committee in charge were Mrs. J. Earl Underbrink, chairman; Mrs. William E. Murry, Mrs. O. M. Petefish, Mrs. O. M. Crum, and Mrs. Earl Rexroat. Spencer Carpenter was official chef and Al Dunlap and Talmadge Crum saw to the seating of the guests. The ticket sellers were C. A. Beavers and W. H. Decker. Mrs. W. E. Murry was responsible for the potatoes, Mrs. J. C. McFillen made the coffee and J. C. McFillen and J. M. Litter the ice tea, and Mrs. Bert Oloyd looked after the gravy. Those in charge of the tables were Mrs. John Daniels and Mrs. Willard W. Young, Mrs. John Becker and Mrs. Talmadge Crum, Mrs. O. M. Petefish and Mrs. Ellis Thompson, Mrs. Earl Rexroat and Mrs. Durrell Crum, Mrs. Ona Crum and Mrs. Earl Underbrink. Those who assisted in waiting on tables were Mrs. Al Dunlap, Frank Dinwiddie, Miss Edith Scribner, Miss Ellen Scribner, Miss Stella Scribner, Ona Crum, Miss Annabel Crum, H. D. Crum, Mrs. Ed Litter, Mr. and Mrs. J. O. Rexroat, Mr. and Mrs. Charles McDonald, Mrs. Flora Thompson, Miss Margaret Thompson, Mrs. Fred B. Henderson, J. C. Becker, F. J. Henderson, Mrs. C. A. Beavers, Mrs. R. Braner, Walter Roach, Willard W. Young, Arthur Litter, Mrs. C. W. Phelps and Mrs. David Anderson.

WILL HOLD MARKET.

The Ladies' Aid society of Westminster church will hold a market at H. W. Dorwart's on West State street Saturday, Sept. 11.

MISS SIMMONS WILL WED FORTHWORTH BALTIMORE MAN.

Kansas City papers contain the announcement of the approaching marriage of Miss Ida M. Simmons to Rev. Lincoln A. Ferris, pastor of Mt. Vernon Place M. E. church of Baltimore. The wedding is to take place early in December at the home of Milton F. Simmons in Kansas City. The wedding has local interest because Miss Simmons has a number of friends in Jacksonville and her father was at one time owner of the Jacksonville Journal. Miss Simmons has a reputation as a pianist and her concert career has taken her into all of the larger cities. She is a graduate of the New England Conservatory of Music. Later she went to Berlin to study under Prof. Ralf of the Royal Conservatory of Music. Returning to America she continued her study with the late Edwin MacDowell. She was associated with him both as pupil and assistant teacher. She has appeared in concert with such artists as Carl Venh, Edmund Lichtenstein, Carl Fischer and Paulo Gruppe. Dr. Ferris was at one time pastor of a church in Kansas City and has held several very important charges.

MME. GALBRAITH, expert corsetiere of New York, now giving special fitting of Frolaset front lace corsets. H. J. & L. M. SMITH.

MEETING POSTPONED.

The meeting of the Mount Woman's Country club which was to have been held today has been postponed for two weeks. The postponement was made necessary on account of bad roads and illness of members.

TO OPEN SEWING SCHOOL.

Miss Elizabeth Teehey announces the opening of her sewing school Sept. 15, 1915, at her home, 312 North Fairlie street. For particulars call at the above address or phone Ill. 50-1160.

PROBATE COURT.

In the estate of Washington Graff, a petition was filed for the appointment of an administrator de bonis non to release a vendor's lien in deed from intestate to L. J. Simms, and C. B. Graff was appointed. Subsequently the court approved the report of Mr. Graff showing that he had taken the desired action.

A REAL BARGAIN THIS.

Because of an error in the page ad, about Hillerby's great sale price offering on silk boot hose was not made clear. The 50c quality will be offered during this sale at 33c. This is only one of many of great bargain offerings.

TO DISCUSS LOCAL AFFAIRS AT COURT HOUSE TONIGHT

Those who have made arrangements for the mass meeting at the court house tonight hope that there will be a large audience made up not only of those who favor continuance of the commission form of government but especially those who believe that a change would be desirable. The meeting will not be very lengthy, but a number of citizens will briefly make statements of their reasons for belief that the commission form of government should be retained in Jacksonville. The question is one of such large importance that the court house tonight should be filled to the capacity.

DR. EDWARD STICKLER BUYS SIX CYLINDER BUICK ROADSTER

Howard Zahn yesterday delivered a Six cylinder Buick Roadster to Dr. Edward Strickler. This was the Seventh six cylinder 1916 model Mr. Zahn has received.

MEREDOSIA SCHOOL AFFAIRS GET INTO COURT.

In the circuit court J. P. Lippincott, acting for H. L. Deppe, C. W. Hyde and Arthur H. Hinners has filed proceedings questioning the right of the board of education of township 16 range 13 to perform certain acts. It is alleged in the bill, which to meet legal requirements is signed by Attorney Robert Tilton, that Henry Looman, Albert Ritscher, Frank Risor, Frank Taggart and Thomas McAllister, are illegally performing functions as members of the school board. The proceedings it is understood are the result of an election recently held in Meredosia when the proposition to erect a township school was carried. The case will come up for hearing in the November term of court.

ATTENDED WEDDING.

Miss Mary Mandeville returned Wednesday from a visit in Carrollton. While there she attended the wedding of her cousin, Edward Maloney, to Miss Louise Catherine Baltz.

M. E. CONFERENCE WORK WELL UNDER WAY IN SPRINGFIELD

Bishop McDowell Addressed Conference on Ministerial Progress — Dr. Nate Suggested for Presidency of McKendree College.

Springfield, Sept. 9.—The laymen came in in full delegation today and began their conference at the nearby Congregational church with an interesting program.

T. V. Hopper opened the discussion on the Every Member Canvass, How It Works in City Churches, and Joseph Smith of Auburn, on How It Works in the Rural Churches; James W. Breckon of Palmyra, presiding.

In the evening Dr. John G. Benson of Brazil, Ind. spoke to a large congregation on "Evangelism and Social Service."

Conference Session.

Bishop McDowell opened the Ministerial Conference at 8:30 a. m. by an address on Ministerial Progress. His three points in a direct appeal to the ministry was (1) Getting On; (2) Getting In, and (3) Getting Up. His exhortation was for the minister to rise in bringing up with him, his own charge, and not to hope to go to some other place, that some one else had brought up if he hoped for highest efficiency.

Quincy, Decatur, Champaign and districts were represented by Rev. Messrs. Flannigan, Van Cleeve, Madden and Gibbs, and to the last two presentation speeches were made by Rev. Mr. Hartley and Ewing, and each received purses of gold, as gifts from the pastors on their having completed the full six years of service on their respective districts.

Select Committee.

Some brethren of the conference who were notified last year to report for work, having completed a full five years of supernumerary relation, or else show cause why they should not be located, were referred to a special committee for trial. W. J. Davidson was chosen chairman, an Messrs. Piersal, Want, Carson, Coleman, Flagg, Shoure, W. A. Smith, Scrimger and A. C. Adams were so named as committee.

The brethren who were called before their committee were: E. L. Darley, A. W. Gillolan, H. H. Young, T. K. Holliday, T. F. Shoure, Thornton Clark and R. T. Miers.

Many of these brethren are in reality retired ministers or men who have moved west and are given notice to change from supernumerary to location.

In view of the effort to clear the record of the names of men who have gone elsewhere, and are not expected to return to the pastoral relation, the conference will have only eight, instead of nine delegates to general conference, according to the number of effective men on the rolls of conference.

The movement among the laymen of the Champaign district to secure R. F. McDaniels for district superintendent (originating at Routon) is not likely to be successful. No decision has yet been made as to whether the reduction of the number of districts will be made or not. If not, there will be much speculation as to who will be appointed.

McKendree College Presidency.
Dr. Nate has had the matter suggested to him of accepting the presidency of McKendree College at Lebanon, vice Dr. Harmon, resigned, but is unwilling to leave the pastorate.

Many items in Dr. McCarty's report of Jacksonville district are quite interesting and show marked improvement in district work. Dr. Harker, T. V. Hopper, H. J. Rodgers, J. W. Breckon and others from Morgan county are in Springfield and were being greeted by their ministerial friends. Many laymen have arrived today.

C. R. Morrison.

MME. GALBRAITH, expert corsetiere of New York, now giving special fitting of FROLASET front lace corsets. H. J. & L. M. SMITH.

ADMINISTRATION BOARD MEMBERS APPOINTED BY DUNNE.

Frank D. Whipp, of Springfield, and Dr. George A. Zeller, of Peoria, have been re-appointed as the minority members of the state board of administration by Governor Dunne. Mr. Whipp at present is fiscal supervisor of the board and will continue in that position, the board retaining the same organization which it has had heretofore.

Appointed by Governor Deneen July 30, 1909, when the board was first organized Mr. Whipp has been a member for six years. Dr. Zeller was appointed alienist of the board by Governor Dunne, Dec. 1, 1913, to serve out the unexpired term of Dr. Frank P. Norbury, who resigned to engage in private practice.

The other members of the board are Fred Kern, Thomas O'Connor and James Hyland.

PLACES WANTED FOR STUDENTS

Places are desired for students to work for board and room while attending Illinois Woman's college. Can recommend a number of excellent young women. Telephone or call Illinois Woman's college, Main Office.

TAKES NEW POSITION.

Miss Louisa T. Young left Thursday evening for Portland, Me., where she will be assistant principal of the Maine School for the Deaf.

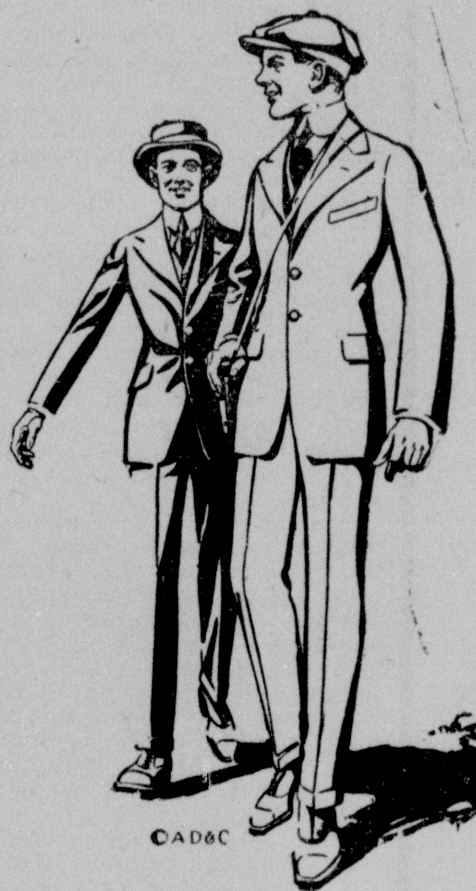

Miss Young is an experienced and competent teacher, having been an instructor at Mt. Airy, Philadelphia, Pa., and in Montreal, Canada, for some years.

Her friends will be glad to know of her new place in the profession.

WOMAN'S RELIEF CORPS.
The Woman's Relief corps will hold its regular meeting this afternoon at 2:30 o'clock at G. A. R. hall on West Morgan street.

THIS IS A SOFT CORN SEASON

The way to get the most out of your corn is with the silo. The season makes the silo especially valuable. Dr. Taylor declares "every silo is a monument to farming prosperity."
